Tax Expenditure Reporting and Its Use in Fiscal Management International Monetary Fund. Fiscal Affairs Dept.,2019-03-27 This note aims to inform governments on how to account for tax expenditures and use that information in fiscal management The emphasis is on developing and emerging market economies where the use of such accounts is in its infancy because of data constraints insufficient human and financial resources and weak fiscal institutions Most developing economies moreover do not have tax policy units in their Ministry of Finance to provide analytical support to the government and legislature that integrates all revenue policy aspects As a result the tax policy framework can be fragmented line ministries compete in the provision of sectoral tax incentives but do not report on their cost The note is organized as follows The second section outlines the role that tax expenditure measurement and reporting can play in fiscal management The third section provides a step by step approach on how tax expenditure accounts can be built with emphasis on data methods and models and institutional requirements The section is concerned primarily with the direct cost of tax expenditures that is the revenue forgone because of them It does not deal with their indirect costs which could include economic efficiency losses and additional tax administration resources and it does not address assessment of the benefits of tax expenditures The fourth summarizes the current status of tax expenditure reporting in developing economies with some reference to advanced economies The last section concludes

Les aides d'État de nature fiscale en droit de l'Union européenne Ioanna Papadamaki,2018-02-26 L'étude repose sur l'hypothèse que les aides d'État de nature fiscale sont autonomes se singularisant par rapport aux autres règles du droit fiscal de l'Union Cela est essentiellement dû au fait que la finalité du contrôle des aides fiscales n'est pas facilement perceptible Essayer de déterminer la finalité ou mieux la pluralité des finalités de ce contrôle constitue l'objectif principal de cet ouvrage La démonstration de la finalité préétablie du contrôle des aides fiscales est fondée sur une méthode d'identification d'une aide fiscale reposant sur deux éléments clés une double rupture de galilé devant l'impôt et dans la concurrence cet garde les autorités de l'Union bénéficient de pouvoirs importants Cela leur permet de tendre les finalités de ce contrôle laissant apparaître sur ce point une correspondance entre la technique d'identification d'une aide fiscale et les finalités recherchées du régime des aides fiscales

Le régime des aides fiscales a passé son cadre initial de contrôle des systèmes fiscaux pour intégrer celui de laboration de règles juridiques communes. Les autorités de l'Union par le biais du régime des aides fiscales contrôlent les systèmes fiscaux nationaux. Dans le même temps, elles parviennent à jouer un rôle important dans la coopération internationale au regard de la lutte contre la concurrence fiscale dommageable. Plus important encore, elles parviennent à coordonner les systèmes fiscaux nationaux, procédant à une instrumentalisation du contrôle des aides fiscales, un contrôle conçu comme un succès dans la harmonisation fiscale. Cette analyse permet de poser certaines interrogations quant à la capacité du contrôle de faire valuer le droit fiscal de l'Union, ainsi que de repenser la répartition des compétences entre les autorités européennes et nationales en matière fiscale. Cet ouvrage se destine principalement à un public universitaire spécialisé, en particulier en droit fiscal de l'Union européenne, en droit de la concurrence, ainsi qu'en droit fiscal général, mais également aux juristes et professionnels du droit de l'Union et du droit fiscal.
