Les Partis Politiques En Grande-Bretagne:

Les partis politiques en Grande-Bretagne Agnès Alexandre-Collier, Emmanuelle Avril, 2013-08-28 La vie politique en Grande Bretagne est marquée par l'une des histoires les plus riches et anciennes d'Europe mais son originalité reste largement moins connue surtout par le public francophone qui la réduit trop souvent à l'affrontement des deux grands partis dominants Labour et Tories. Ce livre est un ouvrage qui analyse l'ensemble des partis politiques en soulignant la force des changements intervenus récemment en Grande Bretagne. Fondé sur une définition précise du parti politique, il tient compte des multiples dimensions des organisations partisans : idéologie, valeurs, ressources, soutiens. Il insiste aussi sur la modernisation des grands partis majoritaires New Labour de Tony Blair, New Tories de David Cameron, ainsi que sur les conditions de la formation d'une coalition gouvernementale aux élections de mai 2010 et l'ascension des libéraux démocrates. En outre, les auteurs mesurent l'impact du processus de dévolution des pouvoirs au profit de l'Écosse et du pays de Galles et s'interrogent sur les mutations des partis nord-irlandais. Ils mettent enfin en lumière la visibilité croissante des petits partis, notamment des Verts et la montée du populisme British National Party et United Kingdom Independence Party. Destin aux étudiants de Licence de Master et de Doctorat, cet ouvrage s'adresse aussi à toute personne désireuse de bénéficier d'un regard actualisé sur la vie politique britannique.

Le Financement des partis politiques Rainer Kraehe, 1973. Alors qu'aux États-Unis et en Allemagne le financement des partis politiques et des campagnes électorales a fait l'objet de nombreuses études, donn lieu des prises de position d'hommes politiques et a même été réglé par le législateur, l'opinion et les responsables français commencent peine à s'interroger sur les problèmes juridiques soulevés par l'escalade financière laquelle s'adonnent les partis lors des élections. L'auteur propose dans une étude de législation laborieuse, à partir de la nature juridique des partis, des solutions susceptibles d'apporter une réponse démocratique au problème des rapports entre l'argent et la politique.

The Oxford Handbook of French Politics Robert Elgie, Emiliano Grossman, Amy G. Mazur, 2016-11-03. The Oxford Handbook of French Politics provides a comprehensive and comparative overview of the French political system through the lens of political science. The Handbook is organized into three parts: the first part identifies foundational concepts for the French case including chapters on republicanism and social welfare; the second part focuses on thematic large-scale processes such as identity, governance and globalization; while the third part examines a wide range of issues relating to substantive politics and policy among which are chapters on political representation, political culture, social movements, economic policy, gender policy and defense and security policy. The volume brings together established and emerging scholars and seeks to examine the French political system from a comparative perspective. The contributors provide a state of

the art review both of the comparative scholarly literature and the study of the French case making The Oxford Handbook of French Politics an invaluable resource for anyone interested in the foundations of contemporary political life in France ,
