

## **Memorandum**

**Dated:** 14 January 2023

**To:** Sales & Marketing Group

**From:** Praveenkumar Revankar, Product Engineering

**Subject:** Delay in release timelines of Feature A and Feature B.

### **Purpose:**

The purpose of this document is to notify the cross-functional group about sudden changes in release timelines of Feature A and Feature B and to reinform the group to reprioritize certain tasks for Sales and Marketing for the release.

### **Background/Context:**

We have been working together on our key USP features 'Feature A' and 'Feature B' for targeting their release this quarter. Due to unforeseen circumstances, there is a change in the release timelines and the new timeline will be shared shortly in Scrum of Scrum meeting where a representative from Sales has been invited.

### **Action:**

Even though it looks like a major setback and current activities w.r.t. The release can be paused, there are certain actions that have to be performed in this quarter. The same has been conveyed in Jira, marking the work items with labels "Q1\_Paused" and "Q1\_Must." Please reprioritize your internal activities based on the labels in Jira and ensure a final plan reflected in Jira on or before 30 January 2023.

### **Conclusion:**

We might be delayed with the release but we are not affecting the business. The necessary strategy is defined and put in place to ensure customers can solve their problems using our support until Feature A and Feature B release.

Thanks,  
Praveenkumar Revankar

Hart, 2015-10-29 George Pitt Rivers began his career as one of Britain's most promising young anthropologists conducting research in the South Pacific and publishing articles in the country's leading academic journals With a museum in Oxford bearing his family name Pitt Rivers appeared to be on track for a sterling academic career that might even have matched that of his grandfather one of the most prominent archaeologists of his day By the early 1930s however Pitt Rivers had turned from his academic work to politics Writing a series of books attacking international communism and praising the ideas of Benito Mussolini and Adolf Hitler Pitt Rivers fell into the circles of the anti-Semitic far right In 1937 he attended the Nuremberg Rally and personally met Adolf Hitler and other leading Nazis With the outbreak of war in 1940 Pitt Rivers was arrested and interned by the British government on the suspicion that he might harm the war effort by publicly sharing his views effectively ending his academic career This book traces the remarkable career of a man who might have been remembered as one of Britain's leading 20th century anthropologists but instead became involved in a far right milieu that would result in his professional ruin and the relegation of most of his research to margins of scientific history At the same time his wider legacy would persist far beyond the academic sphere and can be found to the present day

How China Escaped Shock Therapy Isabella M. Weber, 2021-05-26 China has become deeply integrated into the world economy Yet gradual marketization has facilitated the country s rise without leading to its wholesale assimilation to global neoliberalism This book uncovers the fierce contest about economic reforms that shaped China s path In the first post Mao decade China s reformers were sharply divided They agreed that China had to reform its economic system and move toward more marketization but struggled over how to go about it Should China destroy the core of the socialist system through shock therapy or should it use the institutions of the planned economy as market creators With hindsight the historical record proves the high stakes behind the question China embarked on an economic expansion commonly described as unprecedented in scope and pace whereas Russia s economy collapsed under shock therapy Based on extensive research including interviews with key Chinese and

international participants and World Bank officials as well as insights gleaned from unpublished documents the book charts the debate that ultimately enabled China to follow a path to gradual reindustrialization Beyond shedding light on the crossroads of the 1980s it reveals the intellectual foundations of state market relations in reform era China through a *longue durée* lens Overall the book delivers an original perspective on China's economic model and its continuing contestations from within and from without
