Mo Hayder Boeken:

The treatment Mo Hayder, 2002 It is a perfect summer day in London's up market Brockwell Park Yet behind the elegant facade of one house a man and his wife have been taken prisoner in their own home and their young son has disappeared But the final horror of their terrifying ordeal is still to be revealed Called in to investigate Detective Inspector Jack Caffery tries desperately to make sense of the meager clues found at the crime scene But the echoes of a devastating disappearance of his young brother thirty years before make it impossible for him to view the crime objectively And as Jack digs deeper as the disturbing parallels between past and present mount the real nightmares begin Ritual Mo Hayder, 2008 Just after lunch

on a Tuesday in April nine feet under water police diver Flea Marley closes her gloved fingers around a human hand The fact that there's no body attached is disturbing enough Yet more disturbing is the discovery a day later of the matching hand Both have been recently amputated and the indications are that the victim was still alive when they were removed DI Jack Caffery has been newly seconded to the Major Crime Investigation Unit in Bristol He and Flea soon establish that the hands belong to a boy who has recently disappeared Their search for him and for his abductor lead them into the darkest recesses of Bristol's underworld where drug addiction is rife where street kids sell themselves for a hit and where an ancient evil lurks an evil that feeds off the blood and flesh of others *Skin* Mo Hayder, 2011 Originally published London Bantam Press 2009
