Catalogue of the Library of the Boston Athenaeum ,1874 Malaysian Christians Online Meng Yoe Tan, 2020-02-26 Many facets of social life are now intrinsically linked to the Internet through increasing dependence of user centric platforms like blogs social networking websites online forums and open source websites The Malaysian Church is not exempt from having to negotiate with an increasingly tech savvy and networked community of believers Based primarily on Internet ethnography and interviews with Christian bloggers and church pastors this book looks at how the Internet is a component of everyday religion in the lives of Malaysian Christians at individual institutional and national levels It examines the ways in which online Christian expressions are increasingly integrated into the everyday religious routines of Christians for the development of their personal identities and inter religious interactions. This book also shows how the spiritual authority of church pastors can be both challenged and reinforced through the creative use of online tools It addresses some of the creative ways in which Christians utilise the Internet to engage with national socio political issues within the context of restrictive and controlled mainstream media as well as the ongoing discourse with Islam in the country Through a selection of case studies this book shows that while the Internet may be free the users of the Internet are not necessarily so While the Internet has provided Malaysian Christians with new tools to experience their faith in new ways several aspects of old offline socio cultural habits persist online These in turn lead to a robust and growing environment of Internet Christianity in Malaysia This timely book will be of interest to scholars in religious studies media and communications and cultural studies Prison Journal George Pell, 2021-11-02 Innocent That final verdict came after George Cardinal Pell in Southeast Asia endured a gruelling four years of accusations investigations trials public humiliations and more than a year of imprisonment after being convicted by an Australian court of a crime he did not commit Led off to jail in handcuffs following his sentencing on March 13 2019 the 78 year old Australian prelate began what was meant to be six years in jail for historical sexual assault

offenses Cardinal Pell endured more than thirteen months in solitary confinement before the Australian High Court voted 7 0 to overturn his original convictions His victory over injustice was not just personal but one for the entire Catholic Church Bearing no ill will toward his accusers judges prison workers journalists and those harbouring and expressing hatred for him the cardinal used his time in prison as a kind of extended retreat He eloquently filled notebook pages with his spiritual insights prison experiences and personal reflections on current events both inside and outside the Church as well as moving prayers In this third and final volume Cardinal Pell's conviction is overturned by Australia's High Court and he is released from prison As his appeal draws near he grows in confidence that his case is strong and that his vindication is important not only for his own sake and the Church's sake but also for the sake of Australia's legal system While continuing his daily readings and devotions and receiving hundreds of letters with offers of prayers and sacrifices on his behalf the cardinal ponders the meaning of suffering in the life of the Christian and he determines to accept with equanimity whatever outcome lies ahead Religion, Hypermobility and Digital Media in Global Asia Catherine Gomes, Lily Kong, Orlando Woods, 2025-10-01 Digital media is changing the ways in which religion is practiced understood proselytised and countered Religious institutions and leaders use digital media to engage with their congregations who now are not confined to single locations and physical structures The faithful are part of online communities which allow them a space to worship and to find fellowship Migrant and mobile subjects thus are able to be connected to their faith whether home grown or emerging wherever they may be providing them with an anchor in unfamiliar physical and cultural surroundings As Asia rises mobilities associated with Asian populations have escalated The notion of Global Asia is a reflection of this increased mobility where Asia includes not only Asian countries as sites of political independence but also the transnational networks of Asian trans migrants and the diasporic settlements of Asian peoples all over the world This collection features cutting edge research by scholars across disciplines seeking to understand the role and significance of religion among transnational mobile subjects in this age of digital media and in particular as experienced in Global Asia Catalogue ... 1807-1871 Boston Mass, Athenaeum, libr, 1874 Catalogue of Books in the Library of the American Antiquarian Society American Antiquarian Society.
