linguistic studies It will glance at several linguistic theories and check their relevance for analysing image macros as representatives for memes in general Finally it will analyse image macros by using the frame semantic framework thus integrating the former accomplished insights in one theoretic framework with only a few central terms This will support the thesis that frame semantics is capable of describing the patterns of encyclopaedic knowledge needed in order to understand complex bimodal entities *LOLspeak Verb Semantics. Aspect and Situation Type Emphasis in a Weird English Dialect* Marc Backhaus,2015-02-04 Seminar paper from the year 2014 in the subject English Language and Literature Studies Linguistics grade 1 3 Humboldt University of Berlin Institut f r Anglistik Amerikanistik course SE Verb Semantics language English abstract LOLspeak has established itself as a remarkably distinct form of online English language The dialect used in memes with LOLcats has developed from being a Netspeak offspring slang used to make amusing text for funny cat pictures to a language phenomenon with regularities and patterns that make it a complex and systematic reimaging of the English language It has transgressed its meme boundaries and manifested in commentary forums the bible rewrite LOLcat Bible Translation Project and has become the subject of a number of academic works From a verb semantic point of view LOLspeak jumps directly into the eye with its simplification and regularisation of verbs The dialect in fact seems to be putting strong emphasis on the verb and its function amidst a sentence by shifting not only several grammatical components but in this way also the aspect situation type the verb and its correlating items in a sentence operate in In doing so it seems to be stressing the importance of the verb in this context as well as making aware of what in fact and in detail composes the aspect and situation type of a sentence Is LOLspeak therefore a dialect of English that is worth appraising linguistically for its instructive educational value or is it a simple language play that rather bears the contrary effect and degenerates the English language with its shifting and breaking of linguistic rules **Memes Box Set 2 in 1** Chad Thompson,Batya Symons,2015-07-05 Memes BOX SET 2 IN 1 83 Funniest Memes That Will Make You Laugh Every Time BOOK 1 Memes The Newest Funniest Memes Will Make You Laugh Out Loud You can search the world over for some of the funniest memes that will make you laugh out loud but you don t have to go any further than this book because it is absolutely loaded with some of the best You will laugh BOOK 2 MEMES 50 Memes That Will Make You Laugh Every Time This book contains 50 funny memes that poke fun at numerous aspects of daily life People who make memes with the intent of sending short messages that a wide range of people can relate to and laugh at There are certain experiences in life that are universal to all people no matter what religion ethnic group or country they are associated with And that is what is so wonderful about memes they unite people everywhere with their sharp insight into human nature and their humorous way of expressing those insights Some memes are photos while others are simple drawings or a combination of the two This book contains only photo memes with short funny texts in English that are usually simple enough for most people to understand even if English is not their native language Download your E book Memes BOX SET 2 IN 1 83 Funniest Memes That Will Make You Laugh Every Time Buy Now with 1 Click button
