Memo Of 2014 Bussiness Studies Trial Exam:

MEDINFO 2015: eHealth-enabled Health Andrew Georgiou, Paulo Mazzoncini de Azevedo Marques, 2015-09-15 Health and Biomedical Informatics is a rapidly evolving multidisciplinary field one in which new developments may prove crucial in meeting the challenge of providing cost effective patient centered healthcare worldwide This book presents the proceedings of MEDINFO 2015 held in S o Paulo Brazil in August 2015 The theme of this conference is eHealth enabled Health and the broad spectrum of topics covered ranges from emerging methodologies to successful implementations of innovative applications integration and evaluation of eHealth systems and solutions Included here are 178 full papers and 248 poster abstracts selected after a rigorous review process from nearly 800 submissions by 2 500 authors from 59 countries The conference brings together researchers clinicians technologists and managers from all over the world to share their experiences on the use of information methods systems and technologies to promote patient centered care improving patient safety enhancing care outcomes facilitating translational research and enabling precision medicine as well as advancing education and skills in Health and Biomedical Informatics This comprehensive overview of Health and Biomedical Informatics will be of interest to all those involved in designing commissioning and providing healthcare wherever they may be *How to Do Your Literature Review* Gary Thomas, 2024-11-06 This book will walk you through every step of crafting an excellent literature review It will show you where to find sources how to assess their quality and how to combine and integrate these sources into the best possible literature review From scoping the field to searching the literature to synthesising your findings this book hits all the spots Presenting a clear and detailed roadmap to ensure you don t miss a step the book includes Advice on the best ways to scan and search the literature All the latest information and advice on using AI tools for searching literature Case studies and real life examples from a range of disciplines so you can learn from other researchers who have been in your shoes DIY activities so you can practice your skills and get to grips with key concepts Guidance on how to analyse and synthesise the findings from your literature searches Advice and guidance on organising your writing For tutors each chapter is accompanied by a PowerPoint presentation that will map onto a 10 or 11 week module Written in Gary s signature easy to read style this book is an essential companion for anyone conducting a literature review in the applied social sciences *Inclusion and Exclusion in Competitive Sport* Seema Patel, 2015-04-24 Society is obsessed with categorising and treating individuals and groups according to their physical and non physical differences such as sex gender disability and race This treatment can lead to the inclusion or exclusion of an individual from the tangible and intangible benefits of society Where this practice becomes discriminatory legal frameworks can protect human rights and ensure that people are treated with due respect for their similarities and differences In a sporting context the inclusion and exclusion of athletes based upon their differences is often a necessary part of the essence of competitive sporting activity arranged around rules and categories that can have an unequal exclusionary impact on certain classes of individual Dominant sporting

cultures can also have exclusionary effects This important and innovative book seeks to investigate the socio legal and regulatory balance between inclusion and exclusion in competitive sport It critically analyses a range of legal and non legal cases concerning sport specific inclusion and exclusion in the areas of sex gender disability and race including those cases involving Oscar Pistorius Caster Semenya and Luis Suarez to identify the extent to which the law and sport adopt a justifiable and legitimate inclusive or exclusive approach to participation The book explores national and international regulatory frameworks identifying deficiencies and good practice and concludes with recommendations for regulatory reform Inclusion and Exclusion in Competitive Sport is important reading for anybody with an interest in the relationship between sport and wider society sports development sport management sports law or socio legal studies

Brief Interventions for Risky Drinkers Antoni Gual, Peter Anderson, Hugo López-Pelayo, Jillian Reynolds, 2016-06-29 Alcohol is the sixth leading risk factor for disability and premature death all over the world and one of the leading causes of premature mortality in western societies it is a leading risk factor for death in young and middle age males Heavy drinking accounts for about two thirds of the burden of disease attributable to alcohol In the early 1980s screening and brief interventions SBI in primary health care settings were proposed as effective strategies to identify risky drinkers and to help them reduce their drinking Since then a growing body of evidence including several meta analysis and Cochrane reviews has shown the efficacy and effectiveness of SBI in primary health settings However demonstrating the effectiveness of SBI has not been insufficient to facilitate its general implementation in the routines of primary health care physicians and in fact the dissemination of SBI has proven to be a difficult business Qualitative and quantitative research has identified most of the facilitators and barriers for its implementation and publicly funded research has been earmarked to address the dissemination problems worldwide Some examples are the World Health Organization Phase III and Phase IV studies on the identification and management of alcohol related problems in primary care EU funded projects PHEPA AMPHORA ODHIN BISTAIRS the UK SIPS trials and the SBIRT developments sponsored by the Substance Abuse what length should they be is there a need for booster sessions is there added value of a motivational approach These questions together with other relevant aspects of SBI need ongoing research In recent years SBIs have been tested in settings other than primary health care including hospitals accident and emergency rooms criminal justice colleges and universities social services and pharmacies In some of those areas the evidence is scarce for example pharmacies while in others it is very promising for example students and hospitals New technologies have also offered the possibility of online tools and in the last few years different digital based applications have been tested successfully as new ways to deliver effective SBIs to larger amounts of people Brief interventions have also spread to drugs other than alcohol This book aims to be an update of the state of the art of brief advice It is a compilation of articles published by some of the most relevant researchers in the field in *Frontiers in Psychiatry* between 2014 and 2016
