This document covers the initial NiagaraAX software installation and configuration required for any QNX-based controller (e.g. JACE-2, JACE-403 or JACE-545) ordered with NiagaraAX. It assumes that you are an engineer, technician, or service person who is performing control system installation. All information in this document is also online in Niagara Workbench help, providing that the docJaceStartup module was installed.

Note: For physical mounting and wiring details for any JACE controller, please refer to its specific hardware installation document. For example, see the *JACE-403 Mounting and Wiring Instructions*.

This document does not cover station configuration or NiagaraAX components. For more information on these topics, please refer to NiagaraAX online help and the *User Guide*.

Overview

As shipped from the [factory](#), a JACE-4, and -5 series controller with OS-AX contains only the bare minimum of software to run the Niagara platform daemon (niagarad). The controller does *not* contain a Java VM, Niagara runtime environment or software modules, lexicons, license, certificate, stations, and so on. A JACE-2 series controller *does* include a core Niagara software load and a Tridium certificate, but *not* all items needed. Using NiagaraAX Workbench, you must connect to the controller and install a Niagara distribution file, modules, license(s), and do other platform configuration. Some important related tasks include setting the JACE’s:

- IP network address, and related IP networking parameters
- Platform daemon credentials (for platform login)
- Time and date (or simply sync with your PC’s time)

This document provides step-by-step instructions for these and other tasks. As described ahead, the most straightforward way is to use the [Commissioning Wizard](#).

Note: Most steps in the Commissioning Wizard are also available as separate platform views. For example, there is a [Distribution File Installer](#), [Software Manager](#), [License Manager](#) and many others. For more details, see the section “Niagara platform” in the *Platform Guide*.

delivered the truth In a city fueled by money celebrity and sensationalism the murder of a bottom feeding mouthpiece like Lenny Lowell won't make the headlines So when detectives from the LAPD's elite robbery homicide division show up homicide detective Kev Parker wants to know why Parker is on the downhill slide of a once promising career and he doesn't want to be reminded that he used to be one of the hotshots working cases that made instant celebrities of everyone involved Like the case of fading pretty boy actor Rob Cole accused of the brutal murder of his wife Tricia Crowne Cole daughter of one of the most powerful men in the city L A's latest crime of the century Robbery Homicide has no reason to be looking at a dead small time scumbag lawyer or chasing a bike messenger unless there's something in it for them Maybe Lenny Lowell had a connection to something big enough to be killed for Parker begins a search for answers that will lead him to a killer or the end of his career Because if there's one lesson he's learned over the years it's that in a town built on fantasy and fame delivering the truth can be deadly
