When Edgar A Love Oscar J Cooper Frank Coleman and Ernest Everett Just founded the historically Black fraternity Omega Psi Phi on November 17 1911 at Howard University they could not have known how great of an impact their organization would have on American life Over the 110 years that followed its members led colleges and universities served in prominent military roles made innumerable contributions to education civic society science and medicine and at least one campaigned for the US presidency This book offers a comprehensive authoritative history of the fraternity emphasizing its vital role through multiple eras of the Black freedom struggle The authors address both the individual work of its membership which has included such figures as Carter G Woodson Bayard Rustin Roy Wilkins James L Farmer Jr Benjamin Elijah Mays James Clyburn Jesse Jackson and Benjamin Crump and the collective efforts of the fraternity s leadership to encourage its general membership to contribute to the struggle in concrete ways over the years The result is a book that uniquely connects the 1910s with the present showing the ongoing power of a Black fraternal organization to channel its members toward social reform
