

The Letter "e" Microscope Lab

The magnification written on the eyepiece is: _____

The magnification written on the red objective lens is: _____

The magnification written on the yellow objective lens is: _____

The magnification written on the blue objective lens is: _____

The magnification written on the white objective lens is: _____

The total magnification using the lenses can be determined by multiplying (X) the objective lens with the eyepiece.

What is the total magnification of an item viewed under (eyepiece x objective)
red _____ yellow _____ blue _____ white _____

LAB:

1. MAKE SURE THE **RED** OBJECTIVE IS POINTED DOWN
2. Open the slide clip and put the slide in position with the **e** facing the way you would read it, **normally** - then slowly close the slide clip. **DO NOT EVER CHANGE IT!!**
3. Turn on the light.
4. Look through the eyepiece.
5. If you can not see the letter e move the stage controls until it is in your field of view.
6. To bring the picture into focus move the coarse adjustment (the big knob) until it is clear. The **ONLY TIME** you use the coarse focus on a microscope is with the smallest (red) lens or "LEFT" carefully on the yellow lens!

What happened to the letter e when viewed through the microscope? _____

Draw what the e looked like under the microscope on spot #1 on your piece of paper. Write down the total magnification in that spot as well.

7. practice using the stage controls - move the e to the top, right, bottom, left, then return to center. **LET YOUR PARTNER TRY!**
8. notice that when you move the control to the left the image moves to the right. If you did not see this try it again while moving the bottom control.
9. Move the needle so it is in the very center of the e - it should be touching the black ink.
10. Switch to the yellow objective lens.
11. you need to focus it now using the **FINE** focus (the small knob) if it won't focus correctly go back to the red lens and use the coarse adjustment to make the change. **IF IT IS STILL NOT FOCUSING** use the coarse adjustment on the yellow lens **SLOWLY!**
