Butt and V joints are explained, plus welding more complex joints including J and U joints is also shown. Step-by-step instruction and exceptional detail give you the necessary information to tackle and complete complex welding jobs. Popular automotive projects such as welding an electric fuel pump into an aluminum tank, repairing chromemoly suspension arms, and welding in floorpans are thoroughly covered.

And when it comes to repairing household items specific projects such as repairing and modifying the steel tubing on an exercise machine repairing a decorative bench and more are covered Rather than take a project to a shop you can now do the job at home Whether you re new to welding or a veteran welder looking to work with special materials or involved in a special project you will find indispensable information within the pages of this book Now you can confidently weld with steel cast iron aluminum anodized steel titanium magnesium and other specialty metals XXX-MAIN Martin Crisp,2002
