Mariners Of Gor Gorean Saga Book 30:

Mariners of Gor John Norman, 2014-04-01 A ship of legend sails toward the very edge of the world in this fantasy saga. Many on Gor do not believe the great ship of Tersites, the lame, scorned, half-blind, half-mad shipwright originally of Port Kar, exists. Surely it is a matter of no more than legend. In the previous book, however, *Swordsmen of Gor*, we learned that the great ship commissioned by unusual warriors for a mysterious mission was secretly built in the northern forests and brought down the Alexandra to Thassa, the sea, beginning her voyage to the World's End, hazarding waters beyond the farther islands from which no ship had returned. Rediscover this brilliantly imagined world where men are masters and women live to serve their every desire. *Mariners of Gor* is the 30th book in the Gorean Saga, but you may enjoy reading the series in any order.

Abydos John Norman, 2014-04-01 On a primitive planet, the missing link may be the aliens living there. In this novel of discovery and danger from the author of the Gorean Saga, in a far-off future, two anthropologists, gross, powerful, dissolute Emilio Rodriguez and aspiring young naïve Allan Brenner, who unbeknownst to himself carries ancient genes of a sort no longer welcome on Home World, have been assigned to conduct a study on Abydos, a deeply forested wilderness planet of little note whose only evidence of civilization is a single enclave, small, rough, dingy Company Station, a fueling station occasionally utilized by star freighters. Within the forest, some days from Company Station, are the Pons, a group of small simian-type organisms that seem near the crossroads between animal and rational creature, between nature and culture. They would appear to constitute an ideal object of study with respect to the origins and foundations of civilization. How it came about, so to speak, that something once emerged from the lair or cave that was so radically different. What lies at the beginning. The results of the study have already been politically prescribed on Home World: that the Pons are to shed light on humanity, that it is in its original and unspoiled nature, polite, sweet, kind, deferent, diffident, social, noncompetitive, and innocent. Both Rodriguez and Brenner have a trait in common, however, which may explain why they have been sent exiled in a sense to

such an out of the way locale Both seek the truth They enter the forest **Time Slave** John Norman,2014-04-01 Dr Brenda Hamilton a PhD mathematician from Caltech is beautiful though she does not know her true beauty She is a woman though she does not know her true womanhood Deep within herself she is sensual though her senses have been dulled by this modern world Hamilton has come to Africa to work under the brilliant Danish scientist Herjellsen a man who speaks of reaching the stars But what does the ancient stone axe laying on his lab table have to do with space travel Soon it becomes clear that Herjellsen s experiment is much larger than Hamilton or Herjellsen or even space travel itself It is about correcting a mistake made tens of thousands of years ago in human evolution Thrown back in time Hamilton must be shown her place in a tribe known simply as the Men Stone Age hunters who take what they desire and know their true manhood Will Hamilton survive in this savage land Will her lover Tree teach her what it truly means to be a woman Can the spark between them put mankind back on its proper path toward the stars In Time Slave author John Norman brings the same keen philosophical acuity and passion for storytelling that enrich his classic Gor novels Fans of his work will love the fresh take on his theories and the bold adventure that brings them to life The Calpa & Notes Pertaining to a Panel in Salon D John

Norman,2014-04-01 From the author of the Gor Series two science fiction short stories exploring human relationships with verbal flair and philosophical complexity The Calpa attempts to describe the indescribable and paints an image of a thing unseen and ancient along the beach of a tiny village Notes Pertaining to a Panel in Salon D presents a lively Science Fiction convention panel exploring what life would be like if prehistory and evolution had skipped a beat Available for the first time as an e book pairing these stories were previously published in the collection Norman Invasions Smugglers of Gor John Norman,2012-09-01 This is an unusual book having to do with alleged events on the alleged world Gor the Antichthon or Counter Earth as it seems to have two narrators or authors who as the texts will have it see and relate to certain events possibly of consequence to the fate of worlds It may be recalled that the great ship of Tersites to the best of our knowledge was the first ship to successfully negotiate Thassa the sea in a voyage which led to the World s End an unusual gaming board on which two from the human point of view alien species may be gambling for a world the pieces being men In this book which in its way constitutes a prequel to MARINERS OF GOR we learn that a mysterious cargo suitably disguised was covertly placed on the great ship a cargo which might influence the outcome of the aforementioned gamble or wager One narrator is a young woman once a Miss Margaret Alyssa Cameron and the other is an individual whose name for reasons which will become obvious is withheld in the manuscript It does seem clear however that the individual referred to was somehow instrumental in bringing the former Miss Cameron to the height of a large slave block in the coastal city of Brundisium one of Gor s major ports John Norman is creator of the Gorean Saga a series of novels spanning over 30 titles that have become cult classics Coinciding with the 40th anniversary of the first book of the Gorean Saga Tarnsman of Gor E Reads is proud to release the very first complete publication of all Gor books by John Norman in both print and ebook
