African Successes David K. Leonard, 1991-03-14 For the past twenty five years Kenya has progressed while much of Africa has stagnated Instead of the economic disasters underdevelopment and serious food shortages that have plagued its neighbors Kenya has enjoyed an expanding economy and agriculture And instead of a corrupt and incompetent public administration Kenya has established several successful rural development programs run by public servants with integrity and professional commitment What accounts for these Kenyan successes In this innovative study David Leonard illustrates the way public policy is made and implemented in Kenya by focusing on four public officials who have had a great impact on rural development He skillfully weaves his analyses of Kenya s political economic and administrative systems into evocative biographical portraits of Charles Karanja General Manager of the Kenya Tea Development Authority Harris Mule administrative head of Finance and Planning Ishmael Muriithi head of the Veterinary Department and Simeon Nyachae Cabinet Secretary and chief of the Civil Service The result is a fascinating glimpse of Kenyan political life from the inside set in the context of the historical and social forces that have shaped that country s government **Books and Periodicals**

Library of Congress Office, Nairobi, Kenya, 2001 **The Economist**, 1979 **Punch**, 1989 *Law and Regulation of Mobile Payment Systems* Joy Malala, 2017-11-28 Over the last ten years mobile payment systems have revolutionised banking in some countries in Africa In Kenya the introduction of M Pesa a new financial services model has transformed the banking and financial services industry Giving the unbanked majority access to the financial services market it has attracted over 18 million subscribers which is remarkable given that fewer than 4 million people in Kenya have bank accounts This book addresses the legal and regulatory issues arising out of the introduction of M Pesa in Kenya and its drive towards financial inclusion It considers the interaction between regulation and technological innovation with a particular focus on the regulatory tools institutional arrangements and government decisional processes through the examination as a whole of its regulatory capacity This is done with a view to understanding the regulatory capacity of Kenya in addressing the vulnerabilities presented by technological innovation in the financial industry for consumers after financial inclusion It also examines the way that mobile payments have been regulated by criticising the piecemeal approach that the Central Bank of Kenya has taken in addressing the legal and regulatory issues presented by mobile payments The book argues there are significant gaps in the regulatory regime of mobile banking in Kenya Journal of the Institute of Bankers Institute of Bankers (Great Britain), 1983 *Youth and Employment in Sub-Saharan Africa* Hiroyuki Hino, Gustav Ranis, 2014-06-05 It is widely acknowledged that youth unemployment is one of the most critical challenges facing countries in Sub Saharan Africa This volume brings together an eminent group of international scholars to analyse the extent and complex nature of this joblessness and offer a set of evidence based policy choices that could contribute to solving the problem in the short and long run Part I reviews the existing literature on youth unemployment and underemployment in Sub Saharan Africa from microeconomic and macroeconomic perspectives while Part II goes on to present detailed country studies of Ethiopia Ghana Kenya and South Africa These studies offer a deep understanding of the situation on the ground and consider country specific solutions Throughout the book it is argued that the standard ILO definition of unemployment is too narrow to correctly portray employment situations in Sub Saharan Africa Several alternative measures of unemployment are presented which show that joblessness is far more pervasive than commonly assumed in the literature This volume will be of interest to academics and policy makers involved in African development
