MySpace Music profile and even less time for people worldwide to start to hear your music and learn about you as an artist. In fact lots of artist musicians song writers label owners managers and others are using MySpace to sell more of their music make more money get more fans and more hook ups in the music industry then they could have ever gotten using any other means but I hate to sound mean but simply having a page up on MySpace means nothing unless you are doing it the right way and I've found that over 99.9% of the people in the music industry who have MySpace pages have them set up all wrong which is simply why they are not seeing the results and amount of success that they should be seeing in fact most people are not seeing any success other than getting a couple of hundred plays of their songs every week or so. Ask Yourself Can you afford to miss out on one of the most popular and beneficial ways for you to get the exposure you want simply because you failed to put a MySpace page up the correct way and make use of the huge assortment of ways that you can make money from it. The answer is NO. Use Ty Cohen's New MySpace Magic Manuscript to Discover How successfully build a huge fan friend list in less time How to find top music industry contacts in no time How to correctly use MySpace to promote yourself artist or company to its over 100 Million Users do this wrong and you will screw up big time How to make everyone who comes in contact with your MySpace page aware of your concerts new music and anything else you want to see. *The Rough Guide to the Internet* Peter Buckley, Duncan Clark, Professor and Chairman Department of Psychiatry and Behavioral Health Peter Buckley, Angus Kennedy, 2006-09 This multi million selling Rough Guide is the ultimate Internet handbook for novices and experts alike.
