Les Expressions De Puissance Dagir Chez Spinoza:

Les expressions de puissance d'agir chez Spinoza Chantal Jaquet, 2005 L ouvrage explore les diverses facettes physiques mentales et psychophysiques de la puissance d agir chez Spinoza de la peur de la mort qui en constitue le plus bas degr la jouissance de l ternit qui en est l acm travers une s rie de variations regroup es autour de quatre principaux th mes l ternit de l esprit la positivit du faux Spinoza dans le temps corps et affects il s agit de ressaisir la puissance dans l impuissance la fortitude dans la finitude et d exprimer la positivit du n gatif en allant chercher la puissance l o l on ne s attendrait pas la trouver Les trois premi res parties examinent la puissance mentale qui culmine avec la conscience de l ternit de l entendement mais qui se manifeste aussi bien travers la persistance d un noyau de positivit au sein m me des notions confuses et des id es inad quates comme le bien et le mal qu travers la permanence de ce que l on pourrait appeler l esprit du spinozisme dans le temps ces expressions mentales de la puissance d agir font pendant les variations physiques et psychophysiques de la quatri me partie o sont analys es d une part les capacit s du corps et son aptitude se faire reconna tre comme humain en lui m me et par lui m me et d autre part les modifications affectives de la puissance d agir de la mort l amour de la servitude passionnelle la fortitude retrouv e

Spinoza's Authority Volume I A. Kiarina Kordela, Dimitris Vardoulakis, 2017-12-28 Spinoza s political thought has been subject to a significant revival of interest in recent years As a response to difficult times students and scholars have returned to this founding figure of modern philosophy as a means to help reinterpret and rethink the political present Spinoza s Authority Volume I Resistance and Power in Ethics makes a significant contribution to this ongoing reception and utilization of Spinoza s political thought by focusing on his posthumously published Ethics By taking the concept of authority as an original framework this books asks How is authority related to ethics ontology and epistemology What are the social historical and representational processes that produce authority and resistance And what are the conditions of effective resistance Spinoza s Authority features a roster of internationally established theorists of Spinoza s work and covers key elements of Spinoza s political philosophy including questions of authority the resistance to authority sovereign power democratic control and the role of Spinoza s multitudes

Les expressions de la puissance d'agir chez Spinoza Chantal Jaquet, 2022 **Spinoza's Political Treatise** Yitzhak Y. Melamed, Hasana Sharp, 2018-08-02 Spinoza s Political Treatise constitutes the very last stage in the development of his thought as he left the manuscript incomplete at the time of his death in 1677 On several crucial issues for example the new conception of the free multitude the work goes well beyond his Theological Political Treatise 1670 and arguably presents ideas that were not fully developed even in his Ethics This volume of newly commissioned essays on the Political Treatise is the first collection in English to be dedicated specifically to the work ranging over topics including political explanation national religion the civil state vengeance aristocratic government and political luck It will be a major resource for scholars who are interested in this important but still neglected work and in Spinoza s political philosophy more generally **The**

Influence of Abraham Cohen de Herrera's Kabbalah on Spinoza's Metaphysics Miquel Beltran, 2016-06-21 In this book the author seeks to find historiographical and textual evidence that Abraham Cohen de Herrera's main kabbalistic work *Puerta del Cielo* influenced Spinoza's metaphysics as it is expounded in his later work the *Ethica*. Many of the most important ontological topics maintained by the philosopher like the concept of the first cause as substance, the procession of the infinite modes, the subjective or metaphorical reality of the attributes and the two different understandings of God were anticipated in Herrera's mystical treatise. Both shared a particular consideration of panentheism that entails acosmism. This influence is proven through a comparative examination of the writings of both authors as well as a detailed research on previous Jewish philosophical thought.

A Biological, Psychological and Philosophical Approach to Human Nature and Radicalism Jerome Premmereur, 2024-05-08 After numerous catastrophic terrorist events in the first decades of the 21st century many governments have attempted to mitigate extreme and violent radicalism without much success. The purpose of this book is to generate possible solutions to human radicalism. However, this is not where its uniqueness lies. The uniqueness is where these solutions come from: human nature reexamined in biological and philosophical terms. Human nature within a peculiar natural world can lead to acts of terrorism. This unique combination of biology and Spinoza's philosophy creates a particular vision: the Spinozist view of human nature and radicalism. This vision suggests many psychosociogenic solutions to mitigate violent radicalism. Although experts may be interested in this unusual approach, the book is designed to give non-experts in clinical medicine, molecular biology, philosophy, psychology, psychoanalysis and sociology access to related ideas, enriching the debate and providing practical solutions to radicalism.

The World As Active Power Juhani Pietarinen, Valtteri Viljanen, 2009 What is the ultimate explanatory factor for the existence of the world for all its changing phenomena and the enduring order found in it? In the history of Western thought we can find a longstanding philosophical tendency to answer this question in terms of power: the universe is understood as an ordered whole produced by a rational power that is by the power of reason. That power is thought to be active in the sense of being capable of existing and acting in itself as an infinite, eternal and unchangeable cause of the world. The essays in this collection discuss the idea of active power in the world: explanations of Plato, the Stoics, Neoplatonism, early and late medieval scholasticism, Descartes, Hobbes, Spinoza, Leibniz, Kant, Hegel and Schopenhauer.

Spinoza's Psychology and Social Psychology Étienne Balibar, Helmut Seidel, Manfred Walther, 1992

De Spinoza à Lacan Hubert Ricard, 2015-07-08 Spinoza pose des questions des Lumières mais avec plus de radicalité et une plus grande complexité. Il est bien le philosophe de notre temps, celui de la démocratie, de la liberté de jugement, propre à un sujet singulier de l'effondrement de la révolution et du discours religieux face au discours de la science et déjà avant Freud et Lacan de l'abandon de la question de l'être.
