Les Juifs Dans Les Manuels Scolaires D'histoire En France:

Les Juifs dans les manuels scolaires d'histoire en France Michel Groulez, 2011-05-01 Ce livre se propose d'examiner la dissonance entre la mémoire nationale et l'histoire travers ce que l'Ecole a retenu des Juifs dans l'histoire enseignée depuis plus d'un siècle et qui se trouve présente conservée dans les manuels scolaires. Des débuts de la 3^e République nos jours les manuels permettent d'observer quelle sorte de représentation des Juifs la mémoire historique de la France a pu laborer et comment ces images perdurent s'effacent ou se modifient. *Les Juifs Dans Les Manuels Scolaires D'histoire en France* Groulez Michel Groulez, 2016 [The Holocaust and French Historical Culture, 1945-65](#) Johannes Heuman, 2015-09-22 Paris was home to one of the key European initiatives to document and commemorate the Holocaust the Centre de documentation juive contemporaine By analysing the earliest Holocaust narratives and their reception in France this study provides a new understanding of the institutional development of Holocaust remembrance in France after the War **Peut-on parler des religions à l'école ?** Isabelle Saint-Martin, 2019-09-04 En 2002 le rapport Debray affirmait l'importance de reconnaître et d'enseigner le fait religieux. Pourtant plus de quinze ans après alors que la question a resurgi avec les attentats de 2015 le sujet revient chance rugit dans les discours politiques et l'on s'affronte encore sur les manières de s'y prendre ou sur le risque d'une atteinte à la laïcité. Au-delà de la chronique du débat sur l'enseignement des faits religieux l'ouvrage propose une lecture distanciée des résistances et des difficultés mais aussi des avancées réalisées au fil des formes successives des programmes. Que sont les faits religieux et en quoi est-il la question de les aborder en classe. Comment respecter le principe de neutralité sans esquiver le sujet. Si l'histoire est souvent en première ligne un plaidoyer particulier est consacré ici à l'approche par les arts tant leur étude donne accès aux univers symboliques des religions en favorisant tout à la fois une fine contextualisation et la sensibilité du regard. *Les manuels scolaires en France de 1789 à nos jours: Bilan des études et recherches* Alain Choppin, 1987 **Les juifs et le judaïsme dans les manuels scolaires d'histoire** Michel Groulez, 2004 En dépit d'une ancienne présence sur le territoire de la France les Juifs parmi les diverses populations rassemblées dans la construction historique de la nation française semblent n'avoir pas tout pendant longtemps considérés comme un élément constitutif du groupe national. La recherche se propose d'examiner cette dissonance entre la mémoire nationale et l'histoire travers ce que l'Ecole a retenu des Juifs dans l'histoire enseignée depuis plus d'un siècle et qui se trouve présente conservée dans les manuels scolaires. Ceux-ci en effet sans avoir été conçus pour cet usage témoignent des termes dans lesquels une société labore son passé historique et souhaite le transmettre aux générations ultérieures dans une forme ou se mène une préoccupation d'éducation civique et une volonté de diffusion de la connaissance. Des débuts de la Troisième République nos jours les manuels permettent d'observer quelle sorte de représentation des Juifs la mémoire historique de la France modèle par une conception puissamment unitaire a pu laborer comment et selon quels mécanismes ces images perdurent s'effacent ou se modifient. Les Juifs de l'histoire de France apparaissent alors troitement liés à l'idée même de nation.

The Extreme Right in Interwar France Samuel Kalman, 2016-12-05 Historians of the French extreme right frequently denote the existence of a strong xenophobic and nationalist tradition dating from the 1880s a perpetual anti republicanism which pervaded twentieth century political discourse Much attention is habitually paid to the interwar era deemed the zenith of this success when the leagues attracted hundreds of thousands of members and enjoyed significant political acclaim Most works on the subject speak of the French right or French fascism presenting compendia of figures and organizations from the Dreyfus Affair in the 1890s through the notorious Vichy regime the authoritarian construct which emerged following the defeat to Nazi Germany in June 1940 However historians rarely discuss the programmatic elements of extreme right wing doctrine which demanded the eradication of parliamentary democracy and the transformation of the nation and state according to group principles Instead most detail the organization and membership of various organizations and often recount their quotidian activities as political actors within and in opposition to the Third Republic This book offers a new interpretation of the extreme right in interwar French politics focusing upon the largest and most influential such groups in 1920s and 1930s the Faisceau and the Croix de Feu It explores their designs for extensive political economic and social renewal a project that commanded significant attention from the leadership and rank and file of both organizations providing the overarching goal behind their aspiration to power The book examines five components of these efforts A renewal of politics and government the establishment of a new economic order a revaluation of gender and familial relations the role of youth in the new socio political construct and the politics of exclusion inherent in every facet of Faisceau and CDF doctrine In so doing it contributes to a historical understanding of the programmatic elements of the interwar extreme right while simultaneously situating its most prominent exponents within their broader historical context **Les manuels scolaires en**
