Justice Tanweer Akhter, 2016-07 The law says be honest truthful and faithful and treat everyone equally But what does the law say when professional people start taking the laws into their own hands and playing with the justice system to use and abuse it with lies When they deny the truth lie and add false information to statements in order to ruin a person s reputation what does the law say then Is there any justice I was a victim of this My only crime was my honesty My son was a victim of bullying at school and no one considered the impact this had on him Everything was denied and lies were added to

the minutes of the meeting I attended In a monstrous cover up all departments sided together Meetings were scheduled by these departments and falsehoods drawn up against me I was framed to look culpable This is the true account of how my son and I experienced bullying at school and of the subsequent consequences Islamic Law covers the giving of false testimonies or bearing false witness The messenger of God peace be upon him said Shall I not inform you of the greatest of sins bearing false witness The bearer of false witness commits several sins They are as follows a The spreading of lies Truly God does not guide one who commits great sins one who is an oppressor a transgressor or a liar b A miscarriage of justice is committed against any person who has to bear false testimony because its result means that the person is either deprived of property honour or his life c Conversely it is unjust to the person favoured by false testimony because it allows them to acquire property unlawfully thereby rendering them a sinner d The person delivering these untruths is unjust to himself by being the one to bear false witness Lying represents an evil tongue Indeed those who fabricate lies upon God are those who disbelieve in His teachings and His signs It is they who are truly liars The messenger of God said truth guides to righteousness and righteousness leads to heaven A person will evolve within truth until written with God as truthful Lying leads to immorality which in turn leads to hell A person will lie until written with God as a liar A hypocrite described to us by the Prophet is one that lies as he speaks An honest person has an answer to each lie levelled against them And they will also admit to the honesty of a mistake An honest person does not need to supply proof of their truthfulness it shows on their face It is liars that look for proof to make their words appear true
