- **Law** - Body of principles that govern conduct and can be enforced by the courts or administrative agencies / Bundle of rights and duties
  - Laws keep society running smoothly and efficiently

- **Sources of Law**
  - **Constitutional Law** - Branch of law based on the constitution of a particular level of government
    - In each state, two constitutions are in force: the state constitution and the U.S. Constitution.
    - Constitution - body of principles that establishes the structure of a government and the relationship of that government to the people who are governed.
      - Generally a combination of the written document and the practices and customs that develop with the passage of time and the emergence of new problems.
