The Rolling Stones Alan Clayson, 2008 This breakthrough series looks at great music from a unique vantage point By considering the recording session itself rather than the final album *Legendary Sessions* showcases the creative process and all the elements that go into making music that reflected its time commented on our society and influenced our culture How did these epoch making sessions come about What influenced the artists What was it like to be there as the recording was made Written by top entertainment journalists *Legendary Sessions* answers those questions with an involving you are there style What impact did the recording have Who listened to it Who imitated it Who was inspired by it *Legendary Sessions* looks at those questions too with groundbreaking interviews eyewitness accounts and contemporary commentary Innovative and intriguing *Legendary Sessions* is sure to change the way music fans listen to the great recordings of our time After the release of the Rolling Stones s psychedelic album *Their Satanic Majesties Request* in 1967 many feared that the bad boys of rock had sacrificed their raw bluesy edge to love peace and flower power No need to worry Salvation was at hand with *Beggars Banquet* featuring *Sympathy for the Devil* and *Street Fighting Man* The album was a storming return to Satanism social revolution and celebrations of the working man Author Alan Clayson explores the social and cultural developments of the time the ways that the changing dynamics of the band affected the music and how the songs took shape From the latest swinging happenings down on Carnaby Street to who Mick was sleeping with to what Keith was taking *Legendary Sessions The Rolling Stones Beggars Banquet* is an entertaining trip through rock history *The Rolling Stones All the Songs Expanded Edition* Philippe Margotin, Jean-Michel Guesdon, 2022-01-18 Comprehensive visual history of the World s Greatest Rock through their collaboration with legendary producer Jimmy Miller in the ground breaking albums from 1968 to 1973 to their later work with Don Was who has produced every album since *Voodoo Lounge* Packed with more than 500 photos *All the Songs* is also filled with stories fans treasure such as how the mobile studio they pioneered was featured in Deep Purple s classic song *Smoke on the Water* or how Keith Richards used a cassette recording of an acoustic guitar to get the unique riff on *Street Fighting Man* **Keith Richards on Keith Richards** Sean Egan, 2013-09-01 The iconic life and career of the famed guitarist of the Rolling Stones is detailed in this compilation of interviews that spans the last 50 years Featuring articles from *GQ* *Melody Maker* and *Rolling Stone* as well as interviews that have never previously appeared in print it charts Keith Richards s journey from gauche young pretender and swaggering epitome of the zeitgeist to beloved elder statesman of rock Initially overshadowed by band mates Mick Jagger and Brian Jones Richards gained popularity as half of the second most important songwriting team of the 1960s and in 1967 the drug bust at his house and his subsequent trial and imprisonment made him a household name His interviews match his outlaw image free of banality and euphemism they revel in frank stories of drugs and debauchery Yet they also reveal an unexpectedly warm unpretentious articulate and honest man This collection amply illustrates the magic and charm of Keith Richards **Metafilm Music in Jean-Luc**

**Godard's Cinema** Michael Baumgartner, 2022 Hailed as a leading innovator of visual montage unique storytelling style and ground breaking cinematography Jean Luc Godard is a prominent pioneer in sculpting complex soundtracks altering the familiar relationship between sound and image but his achievements in sound have been largely overlooked Such a lacuna in the extensive research on Godard's work is unfortunate as Godard's lifelong preoccupation of exploring self reflexively all aspects of filmmaking particularly affects film music With the novel approach of metafilm music extrapolated from Jean Luc Godard's oeuvre this book not only closes up a crucial gap in Godard research but also offers detailed analyses of the music as metafilm music in *Contempt Alphaville Band of Outsiders Pierrot le fou First Name Carmen Histoire s du cin ma* among other films and video productions The innovative scholarly concept of metafilm music enriching the burgeoning field of music in audio visual media describes how Godard thinks about film music with film music This book thus provides a thorough examination of Godard's self reflexive approach to film music which has resulted in a lifelong creation of multi layered soundtracks pushing the envelope of film music and sound to the limit *Rock and Romanticism* James Rovira, 2018-03-29 *Rock and Romanticism* Post Punk Goth and Metal as Dark Romanticisms explores the relationships among the musical genres of post punk goth and metal and American and European Romanticisms traditionally understood It argues that these contemporary forms of music are not only influenced by but are an expression of Romanticism continuous with their eighteenth and nineteenth century influences Figures such as Blake Wordsworth Coleridge Byron Keats Mary Shelley Percy Shelley Friedrich Schlegel and Hoffman are brought alongside the music and visual aesthetics of the Rolling Stones the New Romantics the Pretenders Joy Division Nick Cave Tom Verlaine emo Eminem My Dying Bride and Norwegian black metal to explore the ways that Romanticism continues into the present in all of its varying forms and expressions *Interconnecting Music and the Literary Word* Fausto Ciompi, Roberta Ferrari, Laura Giovannelli, 2018-07-27 Dealing with the interconnections between music and the written word this volume brings into focus an updated range of analytical and interpretative approaches which transcend the domain of formalist paradigms and the purist assumption of music's non referentiality Grouped into three thematic sections these fifteen essays by Italian British and American scholars shed light on a phenomenological network embracing different historical socio cultural and genre contexts and a variety of theoretical concepts such as intermediality the soundscape notion and musicalisation At one end of the spectrum music emerges as a driving cultural force an agent cooperating with signifying and communication processes and an element functionally woven into the discursive fabric of the literary work The authors also provide case studies of the fruitful musico literary dialogue by taking into account the seminal role of composers singer songwriters and performers From another standpoint the music in literature and literature in music dynamics are explored through the syntax of hybridisations transcoding experiments and iconic analogies *Choice*, 2008 ***The Rolling Stone Review***, 1985 *International Who's Who in Popular Music* 2009, 2009-03 A comprehensive guide to the people and organizations involved in the world of popular music *Schwann*
