Lego Building Manual Instructions:

A World of Difference Gita Srikanth, Swati Narayan, 2021-07-19 Parenthood has two sides joy on one side and anxiety and concerns on the other Parenting today is not as simple as it was a few decades ago The world is complex and navigating it as a parent with your child can sometimes be daunting This is more so if your child has a diagnosis of autism This book is for parents special educators and students of behaviour and psychology written within the social and cultural context of life in the subcontinent Written by Board Certified Behavior Analysts BCBA it helps parents and caregivers of individuals with autism understand and deal with behaviour within evidence based frameworks The content is presented in simple language in a format that takes you step by step into understanding behaviour with examples and case studies For parents struggling to cope with bringing up a child with autism and who have little or no access to evidence based approaches this book is perfect as a ready to reference handbook in their day to day interactions Behaviour and its understanding is not just limited to children with special needs In the broader sense this book is for every parent who wants to understand their child s behaviour and make those corrections to transform parenthood into a journey of many happy memories A must have for every family bookshelf
