## **Lego Star Wars Instructions:**

**The Self-Motivated Kid** Shimi Kang, 2015-08-18 Winner of the 2015 USA Book News International Book Award for Parenting and Family In this inspiring book Dr Shimi Kang a Harvard trained child and adult psychiatrist and an expert in human motivation provides a guide to the art and science of encouraging children to develop their own internal drive and a lifelong love of learning Drawing on the latest neuroscience and behavioral research Dr Kang shows why pushy hovering tiger parents and permissive jellyfish parents actually hinder self motivation She proposes a powerful new parenting model the intelligent joyful highly social dolphin Dolphin parents focus on maintaining balance in their children s lives to compassionately yet authoritatively guide them toward lasting health happiness and success The mother of three children and the daughter of immigrant parents who struggled to give their children the best in life Dr Kang s mother could not read her father taught her math while they drove around in his taxicab and she was never enrolled in a single extracurricular activity Dr Kang argues that often the simplest benefits parents give their children are the most valuable Combining irrefutable science with unforgettable real life stories *The Self Motivated Kid* walks readers through Dr Kang s four part method for cultivating self motivation She argues that by trusting our deepest intuition about what is best for our kids we will allow them to develop key traits adaptability community mindedness creativity and critical thinking to empower them to succeed and thrive in our increasingly competitive and complex world *The Material Imagination* Matthew

Mindrup, 2016-03-03 In recent years architectural discourse has witnessed a renewed interest in materiality under the guise of such familiar tropes as material honesty form finding or digital materiality Motivated in part by the development of new materials and an increasing integration of designers in fabricating architecture a proliferation of recent publications from both practice and academia explore the pragmatics of materiality and its role as a protagonist of architectural form Yet as the ethos of material pragmatism gains more popularity theorizations about the poetic imagination of architecture continue to recede Compared to an emphasis on the design of visual form in architectural practice the material imagination is employed when the architect thinks matter dreams in it lives in it or in other words materializes the imaginary As an alternative to a formal approach in architectural design this book challenges readers to rethink the reverie of materials in architecture through an examination of historical precedent architectural practice literary sources philosophical analyses and everyday experience Focusing on matter as the premise of an architect s imagination each chapter identifies and graphically illustrates how material imagination defines the conceptual premises for making architecture *The Dolphin Way* Shimi

Kang, 2014-05-01 In this inspiring book Harvard trained child and adult psychiatrist and expert in human motivation Dr Shimi Kang provides a guide to the art and science of inspiring children to develop their own internal drive and a lifelong love of learning Drawing on the latest neuroscience and behavioral research Dr Kang shows why pushy tiger parents and permissive jellyfish parents actually hinder self motivation She proposes a powerful new parenting model the intelligent joyful playful

highly social dolphin Dolphin parents focus on maintaining balance in their children's lives to gently yet authoritatively guide them toward lasting health happiness and success As the medical director for Child and Youth Mental Health community programs in Vancouver British Columbia Dr Kang has witnessed firsthand the consequences of parental pressure anxiety disorders high stress levels suicides and addictions As the mother of three children and as the daughter of immigrant parents who struggled to give their children the best in life Dr Kang's mother could not read and her father taught her math while they drove around in his taxicab Dr Kang argues that often the simplest benefits we give our children are the most valuable By trusting our deepest intuitions about what is best for our kids we will in turn allow them to develop key dolphin traits to enable them to thrive in an increasingly complex world adaptability community mindedness creativity and critical thinking Life is a journey through ever changing waters and dolphin parents know that the most valuable help we can give our children is to assist them in developing their own inner compass Combining irrefutable science with unforgettable real life stories The Dolphin Way walks readers through Dr Kang's four part method for cultivating self motivation The book makes a powerful case that we are not forced to choose between being permissive or controlling The third option the option that will prepare our kids for success in a future that will require adaptability is the dolphin way *Deconstructing LEGO* Jonathan Rey Lee, 2020-09-08 This book investigates a paradox of creative yet scripted play how LEGO invites players to build freely with and within its highly structured ideologically laden toy system First this book considers theories and methods for deconstructing LEGO as a medium of bricolage the creative reassembly of already significant elements Then it pieces together readings of numerous LEGO sets advertisements videogames films and other media that show how LEGO constructs five ideologies of play construction play dramatic play digital play transmedia play and attachment play From suburban traffic patterns to architectural croissants from feminized mini doll bodies to toys to life stories from virtual construction to playful fan creations this book explores how the LEGO medium conveys ideological messages not by transmitting clear statements but by providing implicit instructions for how to reassemble meanings it had all along **Virtual LEGO** Tim Courtney, Steve Bliss, Ahui Herrera, 2003 Virtual LEGO introduces the reader to a suite of software that allows users to create and document computer generated LEGO models Written by maintainers of the official hub of LEGO model building software the book includes coverage of popular freeware tools such as LDraw MLCAD L3P L3PAO LPub POV Ray and MegaPOV
