William Stanley as Shakespeare John M. Rollett, 2015-04-07 Presenting striking new evidence this book shows that William Shakespeare was the pen name of William Stanley son of the Earl of Derby Born in 1561 he was educated at Oxford travelled for three years abroad and studied law in London mixing with poets and playwrights In 1592 Spenser recorded that Stanley had written several plays In 1594 he unexpectedly inherited the earldom hence the pen name He became a Knight of the Garter in 1601 eligible to help bear the canopy over King James at his coronation likely prompting Sonnet 125's 'Wer't ought to me I bore the canopy he is the only authorship candidate ever in a position to bear the canopy which was only ever borne over royalty Love's Labour's Lost parodies an obscure poem by Stanley's tutor which few others would have read Hamlet's situation closely mirrors Stanley's in 1602 His name is concealed in the list of actors names in the First Folio His writing habits match Shakespeare's as deduced from the early printed plays He was a patron of players who performed several times at court and financed the troupe known as Paul's Boys No other member of the upper class was so thoroughly immersed in the theatrical world

Architectural Rhetoric in Shakespeare and Spenser Jennifer C. Vaught, 2019-09-23 Jennifer C Vaught illustrates how architectural rhetoric in Shakespeare and Spenser provides a bridge between the human body and mind and the nonhuman world of stone and timber The recurring figure of the body as a besieged castle in Shakespeare's drama and Spenser's allegory reveals that their works are mutually based on medieval architectural allegories exemplified by the morality play The Castle of Perseverance Intertextual and analogous connections between the generically hybrid works of Shakespeare and Spenser demonstrate how they conceived of individuals not in isolation from the physical environment but in profound relation to it This book approaches the interlacing of identity and place in terms of ecocriticism posthumanism cognitive theory and Cicero's art of memory Architectural Rhetoric in Shakespeare and Spenser examines figures of the permeable body as a fortified yet vulnerable structure in Shakespeare's comedies histories tragedies romances and Sonnets and in Spenser's Faerie Queene and Complaints
