Mary Kay Annual Report 2008:

Annual Report of the Consultant on Legal Education to the American Bar Association American Bar Association. Office of the Consultant on Legal Education, 2007 **Why Higher Education Should Have a Leftist Bias** D. Lazere, 2013-12-11 Presenting a thoughtful justification for the left in American education Donald Lazere argues that to teach students rhetoric and critical thinking key components of a humanist education educators must discuss and teach students to grapple with the conservative bias in academia the media and politics that is considered to be the status quo **Routledge Handbook on Human Rights and the Middle East and North Africa** Anthony Tirado Chase, 2016-11-10 Recent events such as Iran's Green Revolution and the Arab Uprisings have exploded notions that human rights are irrelevant to Middle Eastern and North African politics Increasingly seen as a global concern human rights are at the fulcrum of the region's on the ground politics transnational intellectual debates and global political intersections The Routledge Handbook on Human Rights and the Middle East and North Africa emphasises the need to consider human rights in all their dimensions rather than solely focusing on the political dimension in order to understand the structural reasons behind the persistence of human rights violations explores the various frameworks in which to consider human rights conceptual political and transnational international discusses issue areas subject to particularly intense debate gender religion sexuality transitions and accountability contains contributions from perspectives that span from global theory to grassroots reflections emphasising the need for academic work on human rights to seriously engage with the thoughts and practices of those working on the ground A multidisciplinary approach from scholars with a wide range of expertise allows the book to capture the complex dynamics by which human rights have had or could have an impact on Middle Eastern and North African politics This book will therefore be a key resource for students and scholars of Middle Eastern and North African politics and society as well as anyone with a concern for Human Rights across the globe Annual Report of Progress Transit Cooperative Research Program, 2009 Annual Report USA Patent Office, 1906 *Papers and Proceedings of the Annual Meeting* American Economic Association, 2009 **Batman Saves the Congo** Alexandra Cosima Budabin, Lisa Ann Richey, 2021-06-08 How celebrity strategic partnerships are disrupting humanitarian space Can a celebrity be a disrupter promoting strategic partnerships to bring new ideas and funding to revitalize the development field or are celebrities just charismatic ambassadors for big business Examining the role of the rich and famous in development and humanitarianism Batman Saves the Congo argues that celebrities do both and that understanding why and how yields insight into the realities of neoliberal development In 2010 entertainer Ben Affleck known for his superhero performance as Batman launched the Eastern Congo Initiative to bring a new approach to the region's development This case study is central to Batman Saves the Congo Affleck's organization operates with special access diversified funding and significant support of elites within political philanthropic development and humanitarian circuits This sets it apart from other development organizations With his convening power

Affleck has built partnerships with those inside and outside development staking bipartisan political ground that is neither charity nor aid but good business Such visible and recognizable celebrity humanitarians are occupying the public domain yet not engaging meaningfully with any public argues Batman Saves the Congo They are an unruly bunch of new players in development who amplify business solutions As elite political participants celebrities shape development practices through strategic partnerships that are both an innovative way to raise awareness and funding for neglected causes and a troubling trend of unaccountable elite leadership in North South relations Batman Saves the Congo helps illuminate the power of celebritized business solutions and the development contexts they create
