Myth Of Iron Shaka In History:

Myth of Iron Dan Wylie,2006 Re examines the evidence of what is known or said to be known about the life of the Zulu leader Shaka *Myth of Iron* Dan Wylie,2006 Over the decades we have heard a great deal about Shaka the famous or infamous of Zulu leaders It may come as a surprise therefore that we do not know when he was born nor what he looked like nor precisely when or why he was assassinated This book lays out the available evidence mainly hitherto under utilised Zulu oral testimonies **The Creation of the Zulu Kingdom, 1815-1828** Elizabeth A. Eldredge,2014-10-30 This scholarly account traces the emergence of the Zulu Kingdom in South Africa in the early nineteenth century under the rule of the ambitious and iconic King Shaka In contrast to recent literary analyses of myths of Shaka this book uses the richness of Zulu oral traditions and a comprehensive body of written sources to provide a compelling narrative and analysis of the events and people of the era of Shaka s rule The oral traditions portray Shaka as rewarding courage and loyalty and punishing failure as ordering the targeted killing of his own subjects both warriors and civilians to ensure compliance to his rule and as arrogant and shrewd but kind to the poor and mentally disabled The rich and diverse oral traditions transmitted from generation to generation reveal the important roles and fates of men and women royal and subject from the perspectives of those who experienced Shaka s rule and the dramatic emergence of the Zulu Kingdom *Colonial Discourse and the Jesus-fication of King Chaka* Daniel M. Mengara,2024-09-05 Although Chaka is considered an African literary masterpiece Thomas Mofolo has paradoxically been dismissed by critics as an author naively extolling the virtues of the white man s civilizing mission in Africa Daniel M Mengara s *Colonial Discourse and the Jesus fication of King Chaka* How Thomas Mofolo s Chaka Turned the Zulu Monarch into a Messiah offers a rereading of Chaka to show that Mofolo in fact astutely deconstructs and then reconstructs Zulu king Chaka into a messianic figure whose life trajectory and destiny blasphemously mirror those of Jesus Christ This volume avoids the pitfalls of the traditional mission interpretations of Chaka and provides an interpretative inflection that paints a more nuanced and balanced picture and understanding of Thomas Molofo s fictional account of the mythologized historical figure Mengara delves into the circumstances and controversies surrounding the publication of the novel and shows how Molofo Jesus fied King Chaka in a sly yet sacrilegious ploy to subvert the colonial discourse and missionary ethos of his time This book stands as a reassessment of Thomas Mofolo s often ignored nationalism and calls for a rediscovery of Mofolo s work in ways that resituate him within the history of the African novel as the undisputed pioneer of engaged African literature **The Cambridge World History of Genocide: Volume 2, Genocide in the Indigenous, Early Modern and Imperial Worlds, from c.1535 to World War One** Ned Blackhawk,Ben Kiernan,Benjamin Madley,Rebe Taylor,2023-05-04 Volume II documents and analyses genocide and extermination throughout the early modern and modern eras It tracks their global expansion as European and Asian imperialisms and Euroamerican settler colonialism spread across the globe before the Great War forging new frontiers and impacting Indigenous communities in Europe Asia

North America Africa and Australia Twenty five historians with expertise on specific regions explore examples on five continents providing comparisons of nine cases of conventional imperialism with nineteen of settler colonialism and offering a substantial basis for assessing the various factors leading to genocide This volume also considers cases where genocide did not occur permitting a global consideration of the role of imperialism and settler Indigenous relations from the sixteenth to the early twentieth centuries It ends with six pre 1918 cases from Australia China the Middle East Africa and Europe that can be seen as premonitions of the major twentieth century genocides in Europe and Asia

God's Interpreters: The Making of an American Mission and an African Church Les Switzer, 2023-10-20 This study of the pioneer mission to the Zulu people differs from others in South African mission studies by offering a more nuanced understanding of the relationship between mission and church during the formative stages in the making of an African Christian community both in America and in British Natal Critical scholars continue to view the Western mission enterprise as an adjunct if not a tool of colonialism or at best a clash of cultures between white mission powerbrokers and powerless black Christian acolytes The author argues that they were partners from the beginning and in this endeavor the Christian identities of the missionaries as well as the Zulu were changed forever

African Perspectives of King Dingane kaSenzangakhona Sifiso Mxolisi Ndlovu, 2017-08-06 This book examines the active role played by Africans in the pre colonial production of historical knowledge in South Africa focusing on perspectives of the second king of amaZulu

King Dingane It draws upon a wealth of oral traditions izibongo and the work of public intellectuals such as Magolwane kaMkhathini Jiyane and Mshongweni to present African perspectives of King Dingane as multifaceted and in some cases constructed according to socio political formations and aimed at particular audiences By bringing African perspectives to the fore this innovative historiography centralizes indigenous African languages in the production of historical knowledge

The African Revolution Richard Reid, 2025-01-28 A panoramic global history of Africa in the age of imperialism Africa's long nineteenth century was a time of revolutionary ferment and cultural innovation for the continent's states societies and economies Yet the period preceding what became known as the Scramble for Africa by European powers in the decades leading up to World War I has long been neglected in favor of a Western narrative of colonial rule The African Revolution demonstrates that the Scramble and the resulting imperial order were as much the culmination of African revolutionary dynamics as they were of European expansionism In this monumental work of history Richard Reid paints a multifaceted portrait of a continent on the global stage He describes how Africa witnessed the emergence of new economic and political dynamics that were underpinned by forms of violence and volatility not unlike those emanating from Europe Reid uses a stretch of road in what is now Tanzania one of the nineteenth century's most vibrant commercial highways as an entry point into this revolutionary epoch weaving a broader story around characters and events on the road He integrates the African experience with new insights into the deeper currents in European societies before and after conquest and he shows how the Africans themselves created opportunities for European expansion Challenging the portrayal of Africa's transformative nineteenth century as a mere prelude to European colonialism The African Revolution reveals how this turbulent yet hugely creative era for Africans intersected with global intrusions to shape the modern age *The Shakespearean International Yearbook* Graham Bradshaw, T. G. Bishop, Laurence Wright, 2009 The extended special section in the ninth issue of The Shakespearean International Yearbook investigates the uses to which Shakespeare's work was put in South Africa in the twentieth century The temporal limit emphasizes how the titanic political and ideological struggles that convulsed South Africa also affected how Shakespeare was studied interpreted taught and performed This issue also includes essays on Henry V garden scenes in Shakespeare and all male productions of As you Like It **History in Africa**, 2008 **Journal of Natal and Zulu History**, 2006 African Research & Documentation, 2010 **Tribing and Untribing the Archive** Carolyn Hamilton, Nessa Leibhammer, 2016 These volumes track how the domain of the tribal and traditional was marked out and came to be sharply distinguished from modernity how it was denied a changing history and an archive and was endowed instead with a timeless culture These volumes also offer strategies for engaging with the materials differently from the interventions effected in contemporary artworks to the inserting of nameless timeless objects of material culture into histories of individualized and politicized experience Publisher's description **African Studies Review**, 2008 *The Oxford Encyclopedia of Women in World History* Bonnie G. Smith, 2008-01-23 The Encyclopedia of Women in World History

captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

To Speak of this Land Duncan Brown,2006 Questions of identity belonging and place are crucial issues in South Africa today To Speak of this Land explores these issues in a way that is academically rigorous but refreshingly accessible Duncan Brown s focus is South Africa spanning Bushman storytelling rock painting and aboriginal land claims African Christian identity formations Mazisi Kunene s Emperor Shaka the Great Ronnie Govender s Cato Manor stories the poetry of Douglas Livingstone and the rap music of Prophets of da City but he draws on comparative material from elsewhere in the world as well as stressing the global aspects of local identities To Speak of this Land offers thought provoking answers for a South African context to this internationally challenging question
