17+ Tips to Master Communication with Autism and Asperger's Syndrome Andrew Bushard, Do you feel hopeless about the communication skills of you or someone you love Don't despair This guide summarizes contemporary communication knowledge and offers resources for further study to empower those on the Autism Spectrum and everyone else 30 pages **Selling the Right Way, Prayerfully God's Way** Jim Abraham, 2011-12 Most sales publications cover selling exclusively from the world's point of view They cover a topic or two that may peak the interest of the reader but they

leave out two elements that are critical to a Christian sales professional's success. What are those two essentials you need to know? They are 1. Where does God fit into your life as a salesperson and 2. What else do you need to know to be a long-term sales pro? You see, selling is more than one or two techniques that will manipulate your prospect into buying. It's more than a few closing techniques that will seal the deal. Sales is an ability you are given by God to help other people solve their problems. You are a problem solver, an advocate for your client. This book will help you become the best you can be with prayer and God's guidance.

Jeffrey Gitomer's Little Green Book of Getting Your Way Jeffrey H. Gitomer, 2007. Following in the bestselling footsteps of *Little Red Book of Selling*, *Little Red Book of Sales Answers*, *Little Black Book of Connections*, and *The Little Gold Book of YES Attitude*, Jeffrey Gitomer's *The Little Green Book of Getting Your Way* digs deep into the 95 elements that make persuasion and getting your way happen. By breaking down the elements, the reader will begin to understand, take action, become proficient, and then master the ability to persuade. Because persuasion occurs in so many different areas of life and business, Gitomer leads the reader from mental readiness to the principles of getting your way and the power that persuasion offers. He challenges the reader to prepare before they present, to prepare before they try to persuade. He demonstrates how to change a presentation into a performance and shows how this can be done in any environment. But because persuasion most often takes place in business, he draws special emphasis to the reader's ability to write and sell persuasively. The book talks about the persistence that enables winning persuasion. He brings the Benjamin Franklin quote: "If at first you don't succeed, try, try again." to the Gitomer level: "You only fail when you decide to quit." and the book ends challenging the reader how to think about excellence and eloquence. It will be up to the reader to take advantage of the opportunity and harness the power.
