*FORTUNIO. PIANO-VOCAL SCORE. FRENCH* André Messager,1907      **Scoring the Screen** Andy Hill,2017-07-01

Today musical composition for films is more popular than ever In professional and academic spheres media music study and practice are growing undergraduate and postgraduate programs in media scoring are offered by dozens of major colleges and universities And increasingly pop and contemporary classical composers are expanding their reach into cinema and other forms of screen entertainment Yet a search on Amazon reveals at least 50 titles under the category of film music and remarkably only a meager few actually allow readers to see the music itself while none of them examine landmark scores like *Vertigo* *To Kill a Mockingbird* *Patton* *The Untouchables* or *The Matrix* in the detail provided by *Scoring the Screen* *The Secret Language of Film Music* This is the first book since Roy M Prendergast s 1977 benchmark *Film Music A Neglected Art* to treat music for motion pictures as a compositional style worthy of serious study Through extensive and unprecedented analyses of the original concert scores it is the first to offer both aspiring composers and music educators with a view from the inside of the actual process of scoring to picture The core thesis of *Scoring the Screen* is that music for motion pictures is indeed a language developed by the masters of the craft out of a dramatic and commercial necessity to communicate ideas and emotions instantaneously to an audience Like all languages it exists primarily to convey meaning To quote renowned orchestrator Conrad Pope who has worked with John Williams Howard Shore and Alexandre Desplat among others If you have any interest in what music means in film get this book Andy Hill is among the handful of penetrating minds and ears engaged in film music today      *The Illustrated London News* ,1885      *The Billboard* ,1926      *Scientific Canadian Mechanics' Magazine and Patent Office Record* Canada.
