Jeppesen Airway Manual ,2008 EASA Enroute Instrument Rating Phil Croucher,2014-09-24 Until recently the only option for instrument rating training in Europe was a full course requiring up to 200 hours of theoretical knowledge instruction but the Enroute and Competency Based Instrument ratings for aeroplanes only are a part of a new approach that is supposed to make instrument flying more accessible because the original courses were designed as part of a commercial course and were necessarily intense This book is for people who already hold an ICAO IR and who can simply convert to the EASA version by completing the skill test and demonstrating to the examiner during the skill test an adequate knowledge of air law meteorology and flight planning It contains all the information needed to answer the examiner s questions plus tip and tricks not usually taught on such a basic course Hearings United States.
