Scaling Agile with Jira Align Dean MacNeil, Aslam Cader, 2020-11-27 Accelerate business value delivery with Jira Align the enterprise agile planning platform by connecting strategy with execution to maximize outcomes. Key Features: Improve coordination and transparency between multiple programs, products and business portfolios. Increase customer satisfaction by responding quickly to ever evolving customer needs. Deliver higher quality products faster and more predictably with real time insights and OKR tracking. Book Description: Jira Align is a platform purpose built for enterprises to connect strategy with execution and drive transparency, consistency and predictability at all levels of scale. The platform supports business value delivery in agile frameworks such as LeSS, DAD and SAFe. It also caters to organizations that mix agile with waterfall to support scaled bimodal delivery. Starting with an introduction to the platform and its features, this book takes you through the foundational building blocks of Jira Align. You'll learn how an organization can benefit from implementing Jira Align and understand how to connect dimensions such as people, work, time and outcomes. The book takes you through the typical steps for implementing Jira Align for maximizing outcomes and helps you solve common team, program and portfolio level challenges by enhancing visibility, tracking dependencies and risks and using reports for real time distributed decision making. Throughout the book you'll explore features such as remote agile ceremonies, live roadmaps and objectives and key results, OKRs. You'll also get to grips with lean portfolio management, financial reporting and using the program board for planning and execution. By the end of this book you'll be well versed in the key features of Jira Align and be able to leverage them to support all levels of agile at scale. What you will learn: Understand Jira Align's key factors for success. Find out how you can connect people, work, time and outcomes with Jira Align. Navigate and collaborate in Jira Align. Scale team agility to the portfolio and enterprise. Delve into planning and execution including roadmaps and predictability metrics. Implement lean portfolio management and OKRs. Get to grips with handling bimodal and hybrid delivery. Enable advanced data security and analytics in Jira Align. Who this book is for: This book is for portfolio managers.
