**The Jeet Kune Do Mindset** Martin Oneill,2017-07-31 No individual has influenced modern martial arts more than Bruce Lee and his legend lives on through the teachings of his own art Jeet Kune Do Lee believed martial arts had become too rigid and unfit for real world encounters Combat is spontaneous and unpredictable with the victor being the one who moved fluidly to any given situation and was able to adjust accordingly Unlike many other martial arts JKD does not have fixed patterns of movement It has simple techniques that are easy to learn and master but are adaptable in the chaos of a street battle Minimal movement with maximum effect JKD is also a philosophy with guiding thoughts on how to approach life and wellbeing how to treat others and how to be a positive influence Physical and emotional fitness and improving self confidence are at its core and is suited equally to a beginner or seasoned martial artist Renowned instructor Martin O Neill has been studying JKD and martial arts for more than four decades and has real life experience of using his training effectively in combatant situations as well as in the gym In his first book The Jeet Kune Do Mindset Martial Arts Ways For A Better Life Martin takes readers on a step by step introduction to JKD including its ethos mentality and a guide to the basic JKD techniques of self defence He also offers advice on training being mentally prepared and shares a detailed 12 week work out programme Interspersed with anecdotes from his youth growing up in Northern Ireland during The Troubles to his days working as a bouncer and within social care Martin shows how martial arts can lead you to improved physical and mental wellbeing and to have a better life Start your journey and become a happy warrior *Essential Jeet Kune Do* Tim Tackett,2019-06-10 This book will serve way to decide what will work the best for you and what aspects of JKD you need to keep as well as throw away I feel that it would be impossible to learn this from your instructor as he will mainly focus on what works best for him I have been fortunate to have learned from many of the senior students of Bruce Lee and have noticed that they all focus on certain things and not on what some the others are doing For some it may be the boxing aspects For some it may be footwork For others it was trapping energy and the Wing Chun elements It was only when we started focusing on the Western fencing aspects of JKD that I was able to understand and focus on what has become my essence of JKD Of course an instructor cannot just hand you what will become your essence or foundation of your own JKD This is something that you must discover for yourself as you work to become more a more efficient JKD practitioner The

purpose of this book is to show you most of what we teach in my garage and the basic principles behind each. Once you have worked on these you will come to realize what will work for you and what will not. Some of you will want to focus on distance and footwork. Others will feel comfortable crashing the line. Whatever works for you is the main thing. Just use the book as a guideline to discover your own essential JKD. *Jeet Kune Do* Chris Kent, Tim Tackett, 2008
