## **Jehovahs Witnesses The Bible Report:**

Jehovah's Witnesses - The Bible Report Able.B.Man.,2008-05-04 Provides convincing evidence that the end time prophecies found in the Holy Bible are indeed being fulfilled through the Jehovah s Witnesses and the Watchtower Bible and Tract Society It proves this really is the kingdom that Jesus Christ and his Apostles spoke about in the New Testament In the first century the city of Jerusalem was corrupted and its temple profaned This book builds an overwhelming number of evidences proving the same thing has now happened in our modern history After reading this book the man of lawlessness will be revealed and the disgusting thing will be seen entering the holy place The new kingdom has been corrupted and the sanctuary of THE God profaned God s actual name Jehovah has been defamed in a truly reprehensible manner This book should help concerned family members help their own families and loved ones to now obey Jesus Christ s admonishment flee to the mountains and let those in the midst of her withdraw Luke 21 21

**Limitations of religious freedom by privileged state religions (ecclesiae) - particularly in authoritarian states but also in democracies** Gerhard Besier,2021-11-18 The volume deals with the topic of Religious Freedom in Europe and North America although not exclusively The contributions argue that a clear separation of State and Church prevents privileged religions as well as evangelical movements supported by state interests from becoming power political factors that seek to mould a society according to their own values and to their benefit All too often politicians are happy to accept ideological support on behalf of a religious community or a religious grouping and then seek to further the interests and to promote these groups Even though the two countries demonstrate differences such constellations may be identified in both the USA and in Russia

**Country Reports on Human Rights Practices** ,2003 *Annual Report, International Religious Freedom* United States. Department of State,2005 *Jehovah's Witnesses in Europe* Gerhard Besier,Katarzyna Stokłosa,2021-08-18 The history of Jehovah s Witnesses in Europe has always been one of persecution This third volume documents this history turning eastward For the first time the circumstances of a religious minority under different political systems can be compared across the continent The studies gathered here provide insight into the methods of repression used by governments and mainstream churches the survival strategies of Jehovah s Witnesses and their various experiences under Eastern European dictatorships The initially cordial relationship with Jehovah s Witnesses that developed after 1990 has steadily reverted to religious discrimination culminating in Russia s renewed ban of Jehovah s Witnesses in 2017 and the confiscation of their properties By violating the universal human right of religious freedom the same conditions that prevailed in the Soviet era have now returned to modern Russia With severest discrimination and abusing jurisdictional procedures to reach their political aspirations the State tries to crush a religious community Against this background it is all the more important not to turn a blind eye to the situation of religious minorities in Eastern Europe but instead to take an honest public stance against it
