Transforming Tertiary Agricultural Education in Africa David Kraybill, John Lynam, Adipala Ekwamu, 2021-11-24

Enormous changes are affecting African production agriculture urbanization and food consumption patterns requiring new approaches to training and knowledge generation and dissemination to achieve food security Many agricultural universities and other tertiary agricultural education TAE organizations have been slow to respond hindered by inadequate staffing and facilities and growing competition for funds However some African agricultural universities are transforming themselves and are achieving remarkable success This book documents successful approaches to remaking TAE in Africa to inspire leaders both formal and informal of other TAE organizations It emphasises adaptive strategies and processes creating an internal culture driven by stakeholder needs and where organizational transformation improves the quality and relevance of teaching research and outreach The chapters cover the role of TAE in agricultural transformation trends in TAE in Africa solutions to the rigour versus relevance dilemma curriculum design informed by actual and emerging labour market conditions innovation and entrepreneurship TAE quality assurance and networking among TAE institutions

Dare to Invent the Future Clapperton Chakanetsa Mavhunga, 2023-11-21 A rallying manifesto for the innovative problem solving we need to build a better more verdant and sustainable planetary existence Academics are letting Africa down With all that we know what do we have to show for it Whose lives have been changed for the better by it What have we done for and with our communities lately In this provocative book the first in a trilogy Clapperton Chakanetsa Mavhunga argues that our critical

thinkers must become actual thinker doers Taking its title from one of Thomas Sankara s most inspirational speeches Dare to Invent the Future looks for moments in Africa s story where precedents of critical thought and knowledge in service of problem solving are evident to inspire readers to dare to invent such a knowledge system Mavhunga revisits insights from Edward Wilmot Blyden Booker T Washington Aim C saire Frantz Fanon Am lcar Cabral Julius Nyerere and Thomas Sankara to illustrate how the academic disciplines have been and could be deployed in the service of and through problem solving building on what people are doing and know At its core he writes knowledge in the service of and through problem solving derives from reading the past for new questions doing due diligence in the present and contriving an anticipatory approach toward the future Questioning the fundamental premises of Western and white knowledge production especially regarding science and technology Mavhunga proposes in this book refreshingly new approaches to thinking doing that stem from African realities in the hopes of inspiring a generation that will run toward not away from problems to solve them
