How to write a good college application essay?

March 30, 2016 • 3 min read • original

After the high school years, it is just normal that students already have been exposed to various writing tasks. High school life is not purely about fun and excitement. It is also the time when students are given many tasks to accomplish and one of those is essay writing. This is in preparation of a more serious life that would be the college years. This is because before a person can enter college, an application essay must be written and accomplished first. It is apart from the series of examinations that should be passed.

There are many different ways on how a person specifically a student can be able to write the best college application essay. Such kinds of papers are needed to get accepted on a college or a university. Considering the fact that many students find it hard to write, getting tips from the veterans or from the web can surely be helpful. The veterans can be the parents, older siblings, teachers and others. The web is such a great resource of almost any information and it can also have the best tips and ideas that students must learn. Below are some of the things that students should take note in writing.

Keep an essay short and simple

The first is to make sure that the paper is concise. Writing a college essay must not be something like a novel. Instead, it should be straight to the point so as for the person who will check it will easily understand what you are talking about. The common or the standard minimum number of words required by most college applications would be 250 words. If it is way beyond that, the person who will check it might get bored and would just throw away your paper.

Be honest

The next tip about college essay writing is to always write with honesty. Honesty is always the best policy. The saying likewise applies to writing college applications. It is not advisable to write unreal achievements or skills. No matter what, the school that you are applying to will still figure it out.

on a teenagers life who had a lot of challenges and obstacles thrown her way while she confronted baldness at the age of 11 This book helps shatter all the stigmas that are present in the society and which give people a hard time in order to confront their true identity The society is a place where people are expected to act a certain way and look a certain way if not then they are never accepted as a whole While Udit Mishra writes this book she deals with all the issues that she faced growing up and explains to people how it s ok to be ok in your own skin and how it is not a requirement to perceive yourself based on what others think you should look like or act like She also talks a lot about Alopecia as a disease and how people who are friends with someone who has a disease which is visible should talk to not make it awkward or uncomfortable for the other person The name the Mighty Head originated from Udit Mishra s Ted talk where she for the first time felt confident in talking about her Alopecia and this title means a lot to her as being a bald girl has been difficult and knowing that stepping foot outside the house and having people stare at you or even ask you questions about your disease is scary because even when you don t try to draw any attention to yourself you still end up doing that because you are a girl and you are bald Therefore mighty head signifies how I have felt with a lot of unwanted attention and turned it into something positive
