La Communication Des Ong Humanitaires:

La communication des ONG humanitaires Pascal Dauvin, 2010-04-01 Pourquoi la communication est-elle considérée comme le sale boulot dans les ONG ? Quelles sont les relations entre les agences publicitaires, les médias et les ONG ? Pourquoi la rhétorique humanitaire fait-elle problème ? Comment valuer l'opportunité de parler dans l'espace public ? Dix professionnels de la communication témoignent de leurs pratiques et analysent le discours humanitaire au regard de sa professionnalisation des débats qu'il suscite et de son rapport ambigu au politique. Communication Des ONG Humanitaires La, 2013 **Digital Presences of Organizations** Nathalie Pinède, Luc Massou, Patrick Mpondo-Dicka, 2024-08-13 Organizations communicate in complex and various ways and the context is mainly characterized by the pervasiveness of the digital ecosystem including the Web, social networks and the Internet of data. However, its information delivery cannot overlook the requirements of multicultural communications at a variety of levels. Digital Presences of Organizations highlights the communication roadblocks faced by organizations as they emerge, arising not only from issues encountered on their own websites but also as they construct online narratives. This multifaceted and multi-strategy digital presence of organizations is addressed via three main thematic axes. The first focuses on differentiated strategies: content, services, interaction that can be observed depending on the types of organizations and their users. The second examines the cultural dimension of websites ranging from the local to the global. Finally, the third focuses on the role of narration in organizations' online communication strategies. Les stratégies de communication des ONG humanitaires Marion Poutrel, 2011 L'humanitaire sous l'emprise du néolibéralisme Bertrand Bréqueville, 2021-05-06 Depuis les années 1980 et l'avènement du sans-frontiérisme, l'humanitaire s'est peu à peu laissé conquérir par la rationalité néolibérale. Ses missions reposent sur des principes nobles mais présumés intangibles et nourris de représentations occidentales qui ont fini par devenir un facteur d'inertie. Malgré une histoire associée aux droits de l'homme et la démocratie, l'humanitaire tel qu'il est pensé aujourd'hui contextualise les situations de souffrances, désactive la condition politique des personnes concernées et renonce à envisager la transformation sociale. Son glissement vers un humanitarisme néolibéral satisfait de lui-même résulte d'une absence de regard critique sur sa propre doctrine, le rendant toujours plus impuissant face à un système que rien ne semble pouvoir arrêter. Il devient urgent qu'émerge un nouveau paradigme combattif radical reconnaissant la valeur sociale et la politicités des populations touchées. Il est indispensable de repenser un humanitaire en synergie avec les mouvements sociaux et indignés afin de contribuer à revitaliser la notion de progrès dans une logique d'émancipation, de justice sociale et du commun. Encourager l'humanitaire à entreprendre cette remise en question tout en sensibilisant le public, ces enjeux telle est l'ambition de cet essai. *Humanitarian Response Index 2007* A. López-Claros, S. Hidalgo, 2015-12-26 The purpose of this annual report is to develop an index of good humanitarian donorship that will measure donors' effectiveness against their commitment to the Principles and Good Practice of Humanitarian Donorship. The index is intended to help the international donor community to better understand its strengths and weaknesses in order to

improve the efficiency and quality of its donor activities and initiatives The index is also expected to raise awareness about the increasingly important role of humanitarian action and associated good practices beyond its current core constituencies We believe that this report offers significant potential to improve the quality of humanitarian aid benefiting those most affected by both man made and natural disasters

Silences et récits François Robinet, 2016 Rwanda 1994 Plus de 800 000 personnes sont massacrées en trois mois pour leur supposée appartenance ethnique Si l'opération Turquoise permit de sauver plusieurs milliers de Rwandais la mise en cause du rôle de la France avant pendant et l'issue du génocide a grandement fragilisé sa capacité d'influence sur son ancien pays Pour autant depuis 1994 plus d'une vingtaine d'interventions militaires françaises ont été organisées sur le continent africain De durées et de natures diverses ces implications françaises dans des situations de crise et de conflit ont bénéficié d'une visibilité très inégale Si les opérations Licorne en Côte d'Ivoire ou Serval au Mali ont largement couvertes les missions Boali en République centrafricaine Aramis au Cameroun ou Croix du Sud au Niger n'ont suscité que peu d'intérêt L'inégale médiatisation des conflits africains constitue le point de départ de cette enquête Comment expliquer l'attention soutenue dont bénéficient certaines guerres tandis que d'autres sont totalement ignorées Derrière la permanence d'un discours figé sur l'Afrique l'ouvrage met en relief les mutations des pratiques des reporters de guerre l'heure du tournant numérique l'évolution des stratégies des rédactions en chef ainsi que la professionnalisation croissante des acteurs impliqués sur ces terrains d'opération belligérants armées françaises humanitaires
