It Took A War:

They Say There was a War Richard David Wissolik, Katie Killen, 2005 A collection of the personal memoirs of a variety of American soldiers who served in the 2nd World War **The outbreak of war** Great Britain. Foreign Office, 1926

Memoirs of the Harvard Dead in the War Against Germany Mark Antony De Wolfe Howe, 1924 **A History of the Great War** John Buchan, 1923 **Logics of War** Alex Weisiger, 2013-03-19 Most wars between countries end quickly and at relatively low cost The few in which high intensity fighting continues for years bring about a disproportionate amount of death and suffering What separates these few unusually long and intense wars from the many conflicts that are far less destructive In *Logics of War* Alex Weisiger tests three explanations for a nation's decision to go to war and continue fighting regardless of the costs He combines sharp statistical analysis of interstate wars over the past two centuries with nine narrative case studies He examines both well known conflicts like World War II and the Persian Gulf War as well as unfamiliar ones such as the 1864-1870 Paraguayan War or the War of the Triple Alliance which proportionally caused more deaths than any other war in modern history When leaders go to war expecting easy victory events usually correct their misperceptions quickly and with fairly low casualties thereby setting the stage for a negotiated agreement A second explanation involves motives born of domestic politics as war becomes more intense however leaders are increasingly constrained in their ability to continue the fighting Particularly destructive wars instead arise from mistrust of an opponent's intentions Countries that launch preventive wars to forestall expected decline tend to have particularly ambitious war aims that they hold to even when fighting goes poorly Moreover in some cases their opponents interpret the preventive attack as evidence of a dispositional commitment to aggression resulting in the rejection of any form of negotiation and a demand for unconditional surrender Weisiger's treatment of a topic of central concern to scholars of major wars will also be read with great interest by military historians political psychologists and sociologists Lord Northcliffe's War Book Alfred Harmsworth Northcliffe (Viscount), 1917 Studies and Documents on the War: no. 1. The violation by Germany of the neutrality of Belgium and Luxemburg, 1915 **The Photographic History of the Civil War in Ten Volumes: Soldier life, secret service** Francis Trevelyan Miller, Robert Sampson Lanier, 1912 Thousands of scenes photographed 1861-65 with text by many special authorities **The Outlook**, 1915 *Oregon Voter*, 1918 **Harper's popular cyclopedia of U.S. history** Benson John Lossing, 1887 Our Country in War, and Relations with All Nations Murat Halstead, 1898 History for Ready Reference, from the Best Historians, Biographers, and Specialists Josephus Nelson Larned, 1895
