Words for the Theatre David Cole,2019-05-29 In Words for the Theatre playwright David Cole pursues a course of dramaturgical self questioning on the part of a playwright centred on the act of playwriting The book s four essays each offer a dramaturgical perspective on a different aspect of the playwright s practice How does the playwright juggle the transcriptive and prescriptive aspects of their activity Does the ultimate performance of a playtext in fact represent something to which all writing aspires Does the playwright s process of withdrawing to create their text echo a similar process in the theatre more widely Finally how can the playwright counter theatre s pervasive leaning towards the mistake of realism Suited to playwrights teachers and higher level students this volume of essays offers reflections on the questions that confront every playwright from an author well versed in supplying words for the theatre **Catalog of Copyright Entries,**
