My Maasai Life From Suburbia To Savannah:

My Maasai Life Robin Wiszowaty, 2010-07-01 Growing up in suburban Illinois Robin Wiszowaty leads a typical middle class American life Hers is a world of gleaming shopping malls congested freeways and neighborhood gossip But from an early age she has longed to break free of this existence and discover something deeper What it is she doesn't quite know Yet she knows in her heart there simply has to be more Through a fortunate twist of fate Robin seizes an opportunity to travel to rural Kenya and join an impoverished Maasai community Suddenly her days are spent hauling water evading giraffes and living in a tiny hut made of cow dung with her adoptive family She is forced to face issues she's never considered extreme poverty drought female circumcision corruption and discovers love in the most unexpected places In the open wilds of the dusty savannah this Maasai life is one she could never have imagined **Ethno-erotic Economies** George Paul

Meiu, 2017-10-10 **Ethno erotic Economies** explores a fascinating case of tourism focused on sex and culture in coastal Kenya where young men deploy stereotypes of African warriors to help them establish transactional sexual relationships with European women In bars and on beaches young men deliberately cultivate their images as sexually potent African men to attract women sometimes for a night in other cases for long term relationships George Paul Meiu uses his deep familiarity with the communities these men come from to explore the long term effects of markets of ethnic culture and sexuality on a wide range of aspects of life in rural Kenya including kinship ritual gender intimate affection and conceptions of aging What happens to these communities when young men return with such surprising wealth And how do they use it to improve their social standing locally By answering these questions **Ethno erotic Economies** offers a complex look at how intimacy and ethnicity come together to shape the pathways of global and local trade in the postcolonial world **The Impact of**

Tourism in East Africa Anne Storch, Angelika Mietzner, 2021-05-25 This book explores the relationship between imperial formations and individual encounters at African tourist sites spaces of leisure healing and work It examines how encounters between tourists and hosts tend to be constructed along colonial thought lines and considers how players in the hospitality industry do not interact as coeval participants but are racialised scripted and positioned according to colonially established order The authors focus on the language of these encounters not only speech performance and response but also silence resonance emptiness noise objectified materialised evasive and confusing Through its exploration of language in these encounters the volume shows that ruination is the one feature that is omnipresent in the multiple and diverse tourist settings of the postcolonial world This book is open access under a CC BY ND licence **Great Expectations** Jonathan

Skinner, Dimitrios Theodosopoulos, 2011-10-01 The negotiation of expectations in tourism is a complex and dynamic process one that is central to the imagination of cultural difference Expectations not only affect the lives and experiences of tourists but also their hosts and play an important part in the success or failure of the overall tourism experience It is for this reason the authors argue that special attention should be given to how expectations constitute and sustain tourism The case studies

presented here explore what fuels the desires to visit particular places to what degree expectations inform the experience of the place and the frequent disjunctions between tourist expectations and experiences Careful attention is paid to how the imagination of the visitor inspires the imagination of the host and vice versa how tourists and host communities actively imagine re imagine and shape each other s lives This realization has profound consequences not solely for academic analysis but for all those who participate in and work within the tourism industry

A Novel Study Rebecca McAllister, Robin Wiszowaty, 2010

The Last Maasai Warriors Jackson Ntirkana, Wilson Meikuaya, 2012-08-24 How two young Maasai tribesmen became warriors scholars and leaders in their community and to the world They are living testament to a vanishing way of life on the African savannah Wilson and Jackson are two brave warriors of the Maasai an intensely proud culture built on countless generations steeped in the mystique of tradition legend and prophecy They represent the final generation to literally fight for their way of life coming of age by proving their bravery in the slaying of a lion They are the last of the great warriors Yet as the first generation to fully embrace the modern ways and teachings of Western civilization the two warriors have adapted at times seamlessly at times with unimaginable difficulty in order to help their people They strive to preserve a disappearing culture protecting the sanctity of their elders while paving the way for future generations At this watershed moment in their history the warriors carry the weight of their forbearers while embracing contemporary culture and technology While their struggle to achieve this balance unfolds exquisitely in this story their discoveries resonate well beyond the Maasai Mara
