My Year Of Meats Review:

My Year of Meats Ruth Ozeki, 1998 Jane Takagi Little lands a job producing a Japanese television show sponsored by an organization promoting the export of U S meats and takes her crew on the road in search of all American wives cooking all American meat

My Year of Meats Ruth Ozeki, 2011-11-04 I had started my year as a documentarian I wanted to tell the truth to effect change to make a difference And up to a point I had succeeded I am haunted by all the things big things and little things that threaten to slip through the cracks untold out of history In a single eye opening year two women worlds apart experience parallel awakenings As Jane Tagaki Little researches the consumption of meat in the American home for Japanese docu soap *My American Wife* she begins to realise that her ruthless search for a story is deeply compromising her morals Meanwhile in Tokyo housewife Akiko Ueno is diligently preparing the recipes from Jane s programme struggling to please her husband and increasingly doubting her commitment to the life she has fallen into And as Jane and Akiko battle dangerously to assert their individuality *My American Wife* draws them together in a startling story of strength courage love and meat

Global Appetites Allison Carruth, 2013-05-31 This literary study explores how agribusiness industrial agriculture and countercultural food movements underpin modern American conceptions of global power

Beyond Hostile Islands Daniel McKay, 2024-04-02 WINNER JAVIER COY BIENNIAL RESEARCH AWARD BEST MONOGRAPH Offers a fascinating window into how the fraught politics of apology in the East Asian region have been figured in anglophone literary fiction The Pacific War 1941 1945 was fought across the world s largest ocean and left a lasting imprint on anglophone literary history However studies of that imprint or of individual authors have focused on American literature without drawing connections to parallel traditions elsewhere *Beyond Hostile Islands* contributes to ongoing efforts by Australasian scholars to place their national cultures in conversation with those of the United States particularly regarding studies of the ideologies that legitimize warfare Consecutively the book examines five of the most significant historical and thematic areas associated with the war island combat economic competition internment imprisonment and the atomic bombing of Hiroshima and Nagasaki Throughout the central issue pivots around the question of how or whether at all New Zealand fiction writing differs from that of the United States Can a sense of islandness the tyranny of distance Mori cultural heritage or the political legacies of the nuclear free movement provide grounds for distinctive authorial insights As an opening gambit *Beyond Hostile Islands* puts forward the term ideological coproduction to describe how a territorially and demographically more minor national culture may accede to the essentials of a given ideology while differing in aspects that reflect historical and provincial dimensions that are important to it Appropriately the literary texts under examination are set in various locales including Japan the Solomon Islands New Zealand New Mexico Ontario and the Marshall Islands The book concludes in a deliberately open ended pose with the full expectation that literary writing on the Pacific War will grow in range and richness aided by the growth of Pacific Studies as a research area
