A. Penna, Marvin L. Bittinger, 2015-01-08 NOTE This edition features the same content as the traditional text in a convenient three hole punched loose leaf version. Books a la Carte also offer a great value; this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab Mastering products exist for each title including customized versions for individual schools and registrations are not transferable. In addition, you may need a CourseID provided by your instructor to register for and use Pearson's MyLab Mastering products. xxxxxxxxxxxxxxxx For courses in precalculus: Visualize Interact Succeed Beecher, Penna and Bittinger's Precalculus is known for enabling students to see the math through its focus on visualization and early introduction to functions. With the Fifth Edition, the authors continue to innovate by creating and positioning review material to provide a more effective tool for teachers and students. 25 Just In Time review topics are placed throughout the text and MyMathLab to help students right when they need it most. This along with the existing Mid chapter Mixed Review exercises, Study Guide summaries and the new MyMathLab with Integrated Review course, students have an unparalleled amount of review resources to help them be successful in the course. Also available with MyMathLab: MyMathLab is an online homework tutorial and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding and pursue a personalized study plan that helps them absorb course material and understand difficult concepts. With this edition, the authors focused on developing MyMathLab features that help better prepare students and get them thinking more visually and conceptually.
