

Essay About My Grandmother

Writing an essay about a personal and cherished topic like "My Grandmother" may initially seem like a straightforward and enjoyable task. After all, one might think that the abundance of memories and emotions associated with a grandmother would effortlessly translate into a compelling piece of writing. However, delving into the intricacies of one's relationship with a grandmother can prove to be a challenging endeavor.

The difficulty arises not from a lack of material or personal experiences but rather from the need to navigate the delicate balance between emotional expression and coherent storytelling. The challenge lies in crafting a narrative that captures the essence of the grandmother's influence while maintaining a structured and engaging essay. Striking this balance requires careful consideration of which anecdotes to include, how to convey the emotional depth without becoming overly sentimental, and how to structure the essay in a way that holds the reader's interest from beginning to end.

Moreover, the task is compounded by the subjective nature of personal narratives. What might be a heartwarming and meaningful story to the writer could potentially fall flat or become confusing to a reader unfamiliar with the context. Crafting an essay about a grandmother demands a keen awareness of the audience's perspective, ensuring that the narrative resonates universally while preserving the uniqueness of the relationship.

Furthermore, the challenge extends beyond the emotional realm to the technical aspects of writing. Crafting well-structured sentences, maintaining a consistent tone, and avoiding clichés are essential aspects of producing a high-quality essay. It requires a writer to revisit and revise their work diligently, ensuring that the final piece reflects not only the depth of the relationship but also a mastery of the written form.

In conclusion, writing an essay about one's grandmother involves a delicate dance between emotional expression and literary craftsmanship. It requires a writer to navigate the complexities of personal narratives, strike a balance between sentimentality and coherence, and engage the reader with a compelling and well-crafted story. Despite the challenges, the process of articulating the significance of a grandmother's role can be a deeply rewarding endeavor, resulting in a piece of writing that resonates with both the writer and the reader.

Margaret Walker tells the story of her great grandmother Jubilee is the story about Vyry a black female slave who longs for
freedom and finally gains it at least officially after the Civil War years Besides this individual destiny the novel contains
historical sections and information about political developments during that time several complex characters in addition to
Vyry and inside views even of white characters detailed descriptions of the slaves everyday life their family structures their
language and their hierarchies My term paper will deal with those elements which turn Jubilee into a folk novel i e an
account of African American traditions which were passed from generation to generation orally It was clear to me that
Walker had intended to write a kind of folk novel when I read her dedication She dedicated her first and only novel to her
family especially to her four children so that they may know something of their heritage Apparently family boundaries and
traditions do not only play a major role in the novel but also did in Walker s own life After reading Walker s essay How I
wrote Jubilee there was further evidence found for my initial intuition There she mentions I always intended Jubilee to be a
folk novel based on folk material folk sayings folk belief folkways Walker 1973 62 Furthermore the origin of Jubilee is a piece
of oral tradition itself According to the same essay her grandmother had told her stories about slave life in Georgia ever since
she was a child Walker 1973 51 As an adult she carried out a long lasting research because she was determined to
authenticate the story I had heard from my grandmother s lips Walker 1973 56 The task of this term paper will be to find
instances where its characteristics as a folk novel become obvious To fulfil this task I will begin with a summary of the novel
and I will provide a working definition of the term folklore Afterwards there will be a closer investigation of some folkloric
categories which are represented in Jubilee *The Bookman* ,1922 **The Georgia Review** ,2018 The Politics of the
