**Just Like Starting Over** Deborah Cooke, 2025-08-21 Once burned twice shy That's how it's supposed to work I thought I'd learned my lesson after falling for Mike Cavendish in high school Sixteen years ago all my dreams were coming true then everything went wrong in one disastrous night It's so much more than a broken heart and a loss of trust It's raising a daughter alone abandoning your old life to make a new one and being defined by your roles rather than your dreams The only bright light is Sierra herself a wise child who has taught me so much in her fifteen years She is everything to me It's because of Sierra that we've come back to my hometown of Empire to help my bestie Merrie launch her dream The Carpe Diem Caf I'm sick of avoiding the past and I miss my grandmother Why have I let Mike take that away from me and from Sierra I'm sure I'm over him by now I don't expect him to turn up looking better than ever much less acting as if he still cares pretending he doesn't know that Sierra is his wanting to start all over again It's a proposition that I know I should refuse but it's Mike And he's not the same guy I knew Oh he's still quiet and thoughtful but tougher more direct and a whole lot hotter He can make all of Sierra's dreams come true without even trying and when he decides to make me believe in forever again I don't think I can resist just one night Can I trust Mike's promises again More importantly can I take a chance and let myself fall head over heels again with the man who has always been my one and only **The Beatles Encyclopedia** Kenneth

*Volume 2: After The Break-Up 1970-2001* Keith Badman, 2009-10-28 From 1970 onwards the disbanded Beatles were at last free to follow their individual interests From that point on there were four separate stories but they were stories that would form a complex overlapping history of quarrels and reconciliations personal projects and sporadic collaborations For the first time ever a noted Beatles expert has meticulously documented the entire period of The Beatles after the break up Still the Greatest Andrew Grant Jackson, 2012-07-20 As recommended by USA Today and excerpted on Rolling Stone.com More than forty years after breaking up The Beatles remain the biggest selling and most influential group in the history of popular music Fans endlessly replay their songs craving more while thousands of cover versions of their songs have been recorded and performed Band biographies pop music histories song books and academic titles on the Fab Four clutter shelves But

never has there been a definitive guide to the finest songs of The Beatles after they called it quits Still the Greatest is a love song to the songwriting and recording achievements of Paul John George and Ringo after each struck out on his own In this creative history Jackson selects the best songs in each solo career and organizes them into fantasy albums they might have formed had the legendary group stayed together This romp through the post Beatles history of each artist delves into the circumstances behind the composition recording and reception of each work offering a refreshing take on how spectacular much of The Beatles second act truly is Jackson assesses the more than seventy albums and nine hundred songs the four collectively released selecting the cr me de la cr me of their output Still the Greatest brims with facts release dates writing and performing credits and information about production techniques and insightful analyses of the music and lyrics In telling the stories behind the songs Jackson recounts the remarkable influence the Post Fab Four continued to have long after the big split Both a handy reference and an engrossing cover to cover read Still the Greatest is an invaluable companion for those who thought it all ended with the 1970 album Let It Be
