Understanding Italo Calvino Beno Weiss, 1993 Highlights Calvino's fascination with folk tales, knights, social, political allegories, science fiction      **Ecocritical Approaches to Italian Culture and Literature** Pasquale Verdicchio, 2016-08-23 The essays in this volume provide a theorization of what we might call the denatured wild in other words a notion of environmental restoration or reinhabitation that recognizes and reconfigures the human factor as an interdependent entity Acknowledging the contributions of Marco Armerio, Serenella Iovino, Giovanna Ricoveri, Patrick Barron and Anna Re among others *Ecocritical Approaches to Italian Culture and Literature: The Denatured Wild* negotiates the ground within the historicizing theoretical perspectives and surveying spirit of these writers Despite the central role that nature has played in Italian culture and literature there has been an evident lack of critical approaches free of the bridles of the socio-political manipulations of nationalism The authors in this collection by recognizing the groundbreaking work of many non-Italian ecocritics challenge the narrowly defined conventions of Italian Studies and illuminates the complexities of an Italian ecocriticism that reveals a rich environmentally engaged literary and cultural tradition      PEN America 14: The Good Books ,      The Cinema of Ettore Scola Rémi Lanzoni, Edward Bowen, 2020-09-08 The Cinema of Ettore Scola makes Scola accessible to English reading audiences and helps readers better understand his film style the major themes of his work and the representations of twentieth-century Italian history in his films      Disrupted Narratives Emma Bond, 2017-07-05 If Madame Bovary's death in Flaubert's 1857 novel marked the definitive end of the Romantic vision of literary disease then the advent of psychoanalysis less than half a century later heralded an entirely new set of implications for literature dealing with illness The theorization of a potential unconscious double capable of expressing the body and thus also the intimate damage caused by disease in turn suggested a capacity to subvert or destabilize the text exposing the main thread of the narrative to be unreliable or self-conscious Indeed the authors examined in this study Italo Svevo 1861-1928 Giorgio Pressburger 1937 and Giuliana Morandini 1938 all make use of individual infected or suppressed voices within their texts which unfold through illness to cast doubt on a more conventionally dominant narrative standpoint Applying the theories of Freud and more recent writings by Julia Kristeva Bond offers a new critical reading of the literary function of illness a function related to the very nature of narration itself      **Italy 1991** Dino S. Cervigni, 1991      **The Age of Choice** Sophia Rosenfeld, 2025-02-04 A history of the rise of personal choice in the modern world and how it became equated with freedom Taking readers from the seventeenth century to today Rosenfeld describes how the early modern world witnessed the simultaneous rise of shopping as an activity and religious freedom as a matter of being able to pick one's convictions      **Canadian Book Review Annual** , 1984      *The British National Bibliography* Arthur James Wells, 1993      **The Engineer of Human Souls** Josef Škvorecký, 1984      AdI , 1991      Antæus Daniel Halpern, 1970      *The National Union Catalog, 1968-1972* , 1973      **National Union Catalog** , 1973 Includes entries for maps and atlases      *The National Union Catalogs, 1963-1964*

**Marcovaldo, Or, The Seasons in the City** Italo Calvino, 2001 This is an enchanting collection of stories both melancholy and funny about an Italian peasant's struggle to reconcile country habits with urban life      **Stanford Italian Review** ,1991      **Encyclopedia of Italian Literary Studies: A-J** Gaetana Marrone, 2007 Publisher description      **MLA International Bibliography of Books and Articles on the Modern Languages and Literatures** ,2006      Canadiana ,1985
