**Before 30 (English Version)** Philip Mantofa, Sianne Ribkah, 2023-02-24 God has always used youth He has always called on the young to be witnesses of His glory This generation is no exception Before 30 is a riveting account of how the Lord Jesus touched the life of a young man Philip Mantofa delivered him from the depths of violence and depression and used him mightily as a chosen vessel of revival in Indonesia and Asia While Pastor Philip was still in his twenties a divine firebrand sparked city wide revivals which were noted for creating immediate and enduring impact particularly among young people More than 200 000 people experienced salvation while scores of youths were equipped and commissioned to pioneer thriving local churches Such a transforming anointing and influence can only arise from a life deeply rooted in Scripture and an intimate fellowship with the Holy Spirit Before 30 is evidence that God is able to raise young people to become standard bearers even for the older generation

**The Song of Roland: Oxford text and English translation** Gerard J. Brault, 1978 Published to observe the twelfth centenary of the Battle of Roncevaux the event that inspired the Chanson de Roland this edition provides the first systematic analysis of the entire poem Professor Brault's edition also incorporates the considerable scholarly work done in the half century since the Bedier and Jenkins editions appeared The underlying theme of this new edition is that the poem is a Christian hero As imagined by the poet Turpin writing about 1100 at the time of the First Crusade Roland the nephew of Charlemagne had no faults and accomplished mighty deeds in warring against the Saracens The introduction compares the known historical facts about the Battle of Roncevaux with the Roland legend with various versions of the poem and with the Oxford text Christian thought and sensibility are shown to permeate the Chanson de Roland in its character portrayal and narrative development as well as in its tone and diction and to provide its thematic unity and metaphorical consistency Influences of the oral tradition of the chansons de geste are demonstrated as are evidences of the accompanying gestures used by the jongleurs in interpreting these works The Commentary organizes discussion of the 4002 verses into 49 units The method of analysis is eclectic combining thematic criticism with philology exegetical interpretation with iconography The 66 illustrations primarily from Romanesque works of art clarify key passages
