Ideally, as another part of my career goals is that the capacity for working as a middle manager at a renowned reparation within six months after graduation and then up to general manager of F&B department after two years. Moreover, the further aim is probably to own and manage a French restaurant by myself in the next three years. Obviously, in the hospitality area there is a variety of different chances in a huge of the professional position ranges globally.

It refers that the career potential of this industry is unlimited and even growing rapidly. It is clear that by aligning myself with such proficient skills and appropriate knowledge, I could expect that there are a plenty of golden myself and current skills inventory Self-awareness is considered as the most advantageous and crucial tool which can contribute to success in career aspirations. Messenger (cited in Wheaten & Cameron 011) reminds: "He that would govern others must first master himself". It seems that self-awareness is a key foundation of development leading to success in a manager's role.
