My Inventions The Autobiography Of Nikola Tesla:

My Inventions Nikola Tesla, 2009 In 1919 Nikola Tesla wrote several articles for the magazine The Electrical Experimenter These pieces have been gathered together here In the last few decades of his life he ended up living in diminished circumstances as a recluse in Room 3327 of the New Yorker Hotel occasionally making unusual statements to the press Because of his pronouncements and the nature of his work over the years Tesla gained a reputation in popular culture as the archetypal mad scientist He died impoverished and in debt on January 7 1943 When he passed Tesla didn't leave behind much material for the general public Also he didn't have many close friends who would have had insight into his life sufficient to write about him Since My Inventions is an autobiography it is unique in providing a glimpse into Tesla's mind and his private thoughts It tells about the man his motivations and the values that he held My Inventions is a required read for anyone wanting to know more about one of the greatest inventors of the 20th century and perhaps of all time Contents My Early Life My First Efforts at Invention My Later Endeavors The Discovery of the Tesla Coil and Transformer The Magnifying Transmitter The Art of Telautomatics

My Inventions Nikola Tesla, 2024-02-13 The progressive development of man is vitally dependent on invention It is the most important product of his creative brain Its ultimate purpose is the complete mastery of mind over the material world the harnessing of the forces of nature to human needs This is the difficult task of the inventor who is often misunderstood and unrewarded But he finds ample compensation in the pleasing exercises of his powers and in the knowledge of being one of that exceptionally privileged class without whom the race would have long ago perished in the bitter struggle against pitiless elements Speaking for myself I have already had more than my full measure of this exquisite enjoyment so much that for many years my life was little short of continuous rapture I am credited with being one of the hardest workers and perhaps I am if thought is the equivalent of labor for I have devoted to it almost all of my waking hours But if work is interpreted to be a definite performance in a specified time according to a rigid rule then I may be the worst of idlers Every effort under compulsion demands a sacrifice of life energy I never paid such a price On the contrary I have thrived on my thoughts
