Jussim, Jon A. Krosnick, Sean T. Stevens, 2022 This book offers a behavioral science perspective on how scientific practice becomes compromised and provides recommendations for improvement Broadening the discussion of research integrity beyond replication publication biases statistics and methods this book addresses the full complexity of the issue and serves academics and policy makers who are concerned with the reliability and validity of scientific findings across the social sciences Team-Based Learning in the Social Sciences and Humanities Michael Sweet, Larry K. Michaelsen, 2023-07-03 Team Based Learning TBL is a unique powerful and proven form of small group learning that is being increasingly adopted in higher education Teachers who use TBL report high levels of engagement critical thinking and retention among their students TBL has been used successfully in both small and large classes in computer supported and online classes and because it is group work that works it has been implemented in nearly every discipline and in countries around the world This book introduces the elements of TBL and how to apply them in the social sciences and humanities It describes the four

essential elements of TBL readiness assurance design of application exercises permanent teams peer evaluation and pays particular attention to the specification of learning outcomes which can be a unique challenge in these fields The core of the book consists of examples of how TBL has been incorporated into the cultures of disciplines as varied as economics education literature politics psychology and theatre The authors explain why they felt a need to change how they taught and why they chose TBL Furthermore each chapter provides examples of the assignments and exercises they use to help their students achieve the specific learning outcomes of their courses At a time of increasing course sizes and emphasis on learning outcomes TBL offers the means to meet such demands while connecting students to their coursework and stimulating their intellectual engagement

Spiritual Healing Sarah Coakley, 2020-10-15 Spiritual healing has been a cornerstone of Christian belief from its beginnings although there are various interpretations of what exactly it is and how it happens To address these questions the contributors to this volume come together to examine spiritual healing from a number of disciplinary perspectives How can such healing be explained through a scientific or medical lens What do biblical and historical instantiations of it tell us today And how are we to think of it as anthropologists philosophers or theologians Finally what does all this mean for those seeking spiritual healing for themselves or pastors walking alongside the afflicted Deftly edited by theologian Sarah Coakley *Spiritual Healing* offers a composite narrative that investigates the many intermingled factors at work in this intriguing phenomenon The result is a human story as much as it is a theological one satisfying discerning believers and skeptics alike in its rigorous pursuit of truth and meaning
