subject of everydaylife What I am talking about is culture cultural differences and cross cultural management What makes it so difficult for people of different cultures to communicate to work together to live side by side in harmony without misunderstanding It is our culture and the difference between our cultures often mentioned not at all But at the latest if there appear problems you will recognize the differences in understanding thinking behavior This thesis should make a small contribution to get a better understanding that culture is something we must accept and that we can not neglect if we are doing business internationally There is a short overview with demographical and economical data of the last thirty years of both countries It continues with the main topic the cultural dimension theoretical background followed by some models of identifying different cultures the cultural profiles of both countries the Singaporean culture and its characteristics behavior and problems as expatriate in Singapore do s and don ts After this I explain the theory on a concrete example a Business Reengineering project realized in both countries Singapore and Austria on which I have collaborated for altogether eleven months At last I answer the question how culture influences the business culture the implementation of Business Process Reengineering and the Management of Change With a critical outlook concerning this topic I want to round off the thesis
