set her fascinating tale in motion Through her parents she reaches back to earlier generations weaving together characters and places establishing connections and exploring in greater depth than usual the Wellington women who are often reduced to footnotes in conventional histories She unearths memories visits places from her parents past and discovers much about the lives of her grandparents and the generations before them Most of us view the First Duke of Wellington as an iconic figure whose name has been claimed by pubs squares streets and of course rubber boots In this highly personal account the public man gives way to the private and Wellington s legacy is seen through the eyes of those who have followed in his footsteps Jane Wellesley triumphantly succeeds in wresting the Duke from his lonely column to reclaim him for his family and so for the reader *Zion's Herald* ,1905 Iron ,1880
