The story is about mystery and suspense. This story is about a woman who is constantly being watched because of her actions and movements. Amna is a student who is constantly teased for her actions and movements because she is always focused on her laptop. And he has a brother named Romar who is a detective. Amna is always noticed because of her actions and movements, she is also used to being alone, always quiet and cold when answering. Amna entered their school and she met her other classmates and heard them talking, she just let it go and continued going to class. and when the class was over, Amna immediately went home and immediately went to her room and immediately fiddled with her laptop, until she felt sleepy and immediately fell asleep.

While Romar was watching tv inside his office, it was announced that it was about a new crime. Romar immediately called who was investigating it, he immediately went to check and find out what happened. there was a stabbing that took place and a man was found dead in an old house, and there they found proof and it was a ring, as he looked at it, he felt it was familiar to him until he got home., he was confused by his many thoughts until he went up to his sister's room while watching her sister. He looked at the shoe and immediately thought that it was her sister who did it so he strangled it until she passed out. Amna wakes up, realizing it was all a dream.
