Evangelicalism Richard Kyle, 2017-09-20 Most forms of religion are best understood in the context of their relationship with the surrounding culture This may be particularly true in the United States Certainly immigrant Catholicism became Americanized mainstream Protestantism accommodated itself to the modern world and Reform Judaism is at home in American society In *Evangelicalism* Richard Kyle explores paradoxical adjustments and transformations in the relationship between conservative Protestant Evangelicalism and contemporary American culture Evangelicals have resisted many aspects of the modern world but Kyle focuses on what he considers their romance with popular culture Kyle sees this as an Americanized Christianity rather than a Christian America but the two are so intertwined that it is difficult to discern the difference between them Instead in what has become a vicious self-serving cycle Evangelicals have baptized and sanctified secular culture in order to be considered culturally relevant thus increasing their numbers and success within abundantly populous and populist driven American society In doing so Evangelicalism has become a middle class movement one that dominates America's culture and unabashedly populist Many Evangelicals view America as God's chosen nation thus sanctifying American culture consumerism and middle class values Kyle believes Evangelicals have served themselves well in consciously and deliberately adjusting their faith to popular culture Yet he also thinks Evangelicals may have compromised themselves and their future in the process so heavily borrowing from the popular culture that in many respects the Evangelical subculture has become secularism with a light gilding of Christianity If so he asks can Evangelicalism survive its own popularity and reaffirm its religious origins or will it assimilate and be absorbed into what was once known as the Great American Melting Pot of religions and cultures Will the Gospel of the American dream ultimately engulf and destroy the Gospel of Evangelical success in America This thoughtful and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America and the aspirations and fate of its faithful

African Governance and Development Issues in a World of Change Ikechukwu Anthony Kanu, Catherine Chiugo Kanu, Kanayo Nwadiakor, 2018-08-16

The present work is part of the outcome of the 2018 International Conference of the Association for the Promotion of African Studies which had the theme African ideologies in a world of change

Heraclitus of Ephesus an ancient philosopher and one of the important thinkers in human history said that change is the basic law of nature and the condition of all things

All things are in a state of flux

You cannot step twice into the same river for just as water in a river is ceaselessly changing so are all things in a state of flux

In relation to Africa's historical experience Alik Shahadah observes that Africa is a continent where cultures have smashed through deserts crossed trade routes traveled through immigration borders disregarding her notions of geography and race and names foods cultures religions genetics have jumped between Asia and Africa etc with blatant disregard for our social constructions

The Association for the Promotion of African Studies in her 2018 international conference provided a context for African scholars to study African ideologies in a world of change especially as it concerns politics and development in Africa from a variety of points of view

This piece which is a collection of academic papers from seventeen scholars focuses on the processes of change and disorganization of the various traditional social and cultural patterns and organizations and then on the possible recrystallization of some traditional elements within the more modern and differentiated societies
