Niles,2006 Old English Enigmatic Poems and the Play of the Texts consists of a close study of a number of verse texts most of which are preserved in the Exeter Book of Old English poetry All of these texts are enigmatic Some are riddles others are riddle like in their manner of simultaneously giving and withholding information A number of them feature the literary use of runes The author approaches these poems as microcosms of the art of Old English poetry in general which particularly in its more lyrical forms relies on its audience s ability to decipher metaphorical language and to fill out many details that remain unexpressed The author s chief claim is that Old English poetry is a good deal more playful than is often acknowledged so that the art of interpreting it can require a kind of game strategy whereby riddling authors match their wits against adventurous readers New readings of a number of particular poems and passages are offered the whole collection of Exeter Book riddles is given a set of answers posed in the language of the riddler and some possible instances of creative runography are explored The book combines the methods of rigorous philology and imaginative literary analysis

Humanities ,1989 **Christ Redeemed 'Us' from the Curse of the Law** Jarvis J. Williams,2019-08-08 Jarvis J Williams argues that the Jewish martyrological ideas codified in 2 and 4 Maccabees and in selected texts in LXX Daniel 3 provide an important background to understanding Paul s statements about the cursed Christ in Gal 3 13 and the soteriological benefits that his death achieves for Jews and Gentiles in Galatians Williams further argues that Paul modifies Jewish martyrology to fit his exegetical polemical and theological purposes in order to persuade the Galatians not to embrace the other gospel of their opponents In addition to providing a detailed and up to date history of research on the scholarship of Gal 3 13 Williams provides five arguments throughout this volume related to the scriptural theological and conceptual lexical grammatical and polemical points of contact and finally the discontinuities between Galatians and Jewish martyrological ideas Drawing on literature from Second Temple traditions to directly compare with Gal 3 13 Williams adds new insights to Paul s defense of his Torah free gentile inclusive gospel and his rhetoric against his opponents **Old Testament Law for Bible Students** Roger Sherman Galer,1922 [A Catholic Commentary on Holy Scripture](#) Bernard Orchard,1953 **Organ Donation and the Divine Lien in Talmudic Law** Madeline Kochen,2014-08-21 This book offers a new theory of property and distributive justice derived from Talmudic law illustrated by a case study involving the sale of organs for transplant

Although organ donation did not exist in late antiquity this book posits a new way drawn from the Talmud to conceive of this modern means of giving to others Our common understanding of organ transfers as either a gift or sale is trapped in a dichotomy that is conceptually and philosophically limiting Drawing on Maussian gift theory this book suggests a different legal and cultural meaning for this property transfer It introduces the concept of the divine lien an obligation to others in need built into the definition of all property ownership Rather than a gift or sale organ transfer is shown to exemplify an owner s voluntary recognition and fulfilment of this latent property obligation **Exodus** Chloe T. Sun,2024-11-14 The poignant narrative of Exodus which involves leaving one s homeland traveling settling unsettling wrestling with identity seeking a home and pursuing aspirations resonates with the present circumstances of the Chinese diaspora This commentary delves into the concept of exodus tracing its roots from the biblical exodus to its modern manifestation in the Chinese diaspora the new exodus This approach forefronts the nuances of otherness minority status liminality and hybridity in a dominant culture while simultaneously accentuating the transnational global and multifaceted roots of such an existence This diasporic reading of Exodus seeks to facilitate transformation in the ongoing quest for identity meaning and purpose all within the framework of God s redemptive history and diasporans journey of becoming The Asia Bible Commentary Series empowers Christian believers in Asia to read the Bible from within their respective contexts Holistic in its approach to the text each exposition of the biblical books combines exegesis and application The ultimate goal is to strengthen the body of Christ in Asia by providing a pastoral and contextual exposition of every book of the Bible Scholarly Book Translation Series ,1962 **American Book Publishing Record Cumulative, 1950-1977: Non-Dewey decimal classified titles** R.R.
